## artwood series

The Artwood Series offers all the traditional features of the best acoustic guitars... impeccable craftsmanship and appearance... a limited Lifetime Warranty... and a rich, full sound that improves with age thanks to scalloped braced, solid tops of select spruce. The very affordable Artwood lacks only one traditional feature associated with the best solid top acoustics...the traditionally high price. Ibanez believes that instruments that offer this much sound and value shouldn't be limited to a one-size-fits-all selection. While the Artwood Series offers a wide choice of models in the popular dreadnought size, Ibanez also recognizes the needs of guitarists who want Grand Concert and Auditorium sizes.

# Quality

The name Ibanez has a long and proud association with high quality guitar making. Our instruments are subject to rigorous standards of quality, both during their building and later when they are set-up, inspected and played by quality control personnel who are themselves accomplished guitarists. We take our Ibanez acoustic quality so seriously—and are so confident in our instruments—that every Ibanez acoustic guitar, from our prestige Artwoods to the very affordable Performance Guitars, is backed by a limited Lifetime Warranty.

# Diversity

Ibanez offers instruments to satisfy the acoustic purist...and we also offer instruments with pickups and on-board electronics for those whose playing needs are less traditional. As expected, we offer a large selection of the very popular dreadnoughts. But at the same time, we haven't forgotten the diverse needs of other musicians. For finger stylists, and others who prefer smaller sized guitars, we proudly offer both Grand Concert and Grand Auditorium models as well our own slim AE acoustic-electrics.

## Diversity in Size, Sound, and Style

The Four Different Ibanez Body Styles and Their Dimensions

Dreadnought

Width 15 3/4"  
Depth 4 3/4"  
Length 20"

Grand Auditorium

Width 14 3/4"  
Depth 4 1/2"  
Length 19"

Grand Concert

Width 14 3/4"  
Depth 4 1/2"  
Length 18 1/2"

AE Series

Width 15 3/4"  
Depth 4 1/2"  
Length 20"

# Affordability

Professional features at an affordable price is a cornerstone of the Ibanez philosophy. Our least expensive series, the PF guitars, features great sound, playability and prices that are very affordable to everyone. Ibanez not only offers exceptional value at the beginning of our line. In the top-of-the-line Artwoods you will find guitars with the same and even superior features to those found in much more expensive instruments.
