

Acoustic + Guitar
Catalogue 1998

Ibanez

Don't let their compact appearance and rich sound fool you. Performance PF Series guitars come at the most affordable dreadnought guitar available. And PF guitars offer one of the most comprehensive selection available with 12 strings, left handed, acoustic-electric and more. There's a PF guitar for nearly everyone.

All 1998 PF guitars feature mahogany necks, spruce tops, rosewood fingerboards and bridges, high gloss finishes. PF guitars are found in black and come equipped with chrome hardware controls. PF110 guitars are found in black and white topload binding and are fitted with chrome die cast tuners.

ga

Classical guitars offer an elegance, refinement and subtlety perhaps found in no other instrument. Additionally the softness and warmth of the classical guitar often brings home the music to a large variety of listeners.

Alhambra is proud to offer two models of classical guitars crafted to Old World standards while using today's most advanced building techniques. The rich gloss finish of the G330 contributes to its slightly darker sound, while the G310's beautifully understated matte finish produces a brighter tone.

Alhambra classical guitars feature mahogany necks, spruce tops and rosewood fingerboards and bridges.

G330CY
