AW Series

Since the 1980's, Martin-Armwood have set the standard for affordable professional acoustic guitars.

Our all new 2000-Armwood range now has the

In addition to Armwood's hallmark solid spruce tops, all Armwood guitars are now factory-direct cases.

The acoustic-electric models now come equipped with built-in Fishman pickups and EQ's.

The new Armwood line also offers even wider selection. Along with the traditional dreadnoughts, there's a grand concert model, right and left-handed acoustic-electric acoustic, and even a jumbo-sized T-string.

All AW Guitars feature:

- Fishman® Acoustic Matrix® Pickups
- Grover® Tuning Machines
- Rosewood Neck and Fretboard
- Solid Sitka Spruce Top
- Mahogany Back & Sides
- Natural Finish
