## **Some Things Change... And Some Things Won't.**

What, how and where you're playing is different than what, how and where people were playing 50 years ago...or even last year. That's why Ibanez represents change. Some players and some companies play it safe and rest on what they did in the past. Ibanez and Ibanez players look forward and take risks.

Which is why Ibanez gears are always played by the most influential and hottest artists in every genre of music. It's why those artists keep inspiring new generations of players to get started with Ibanez.

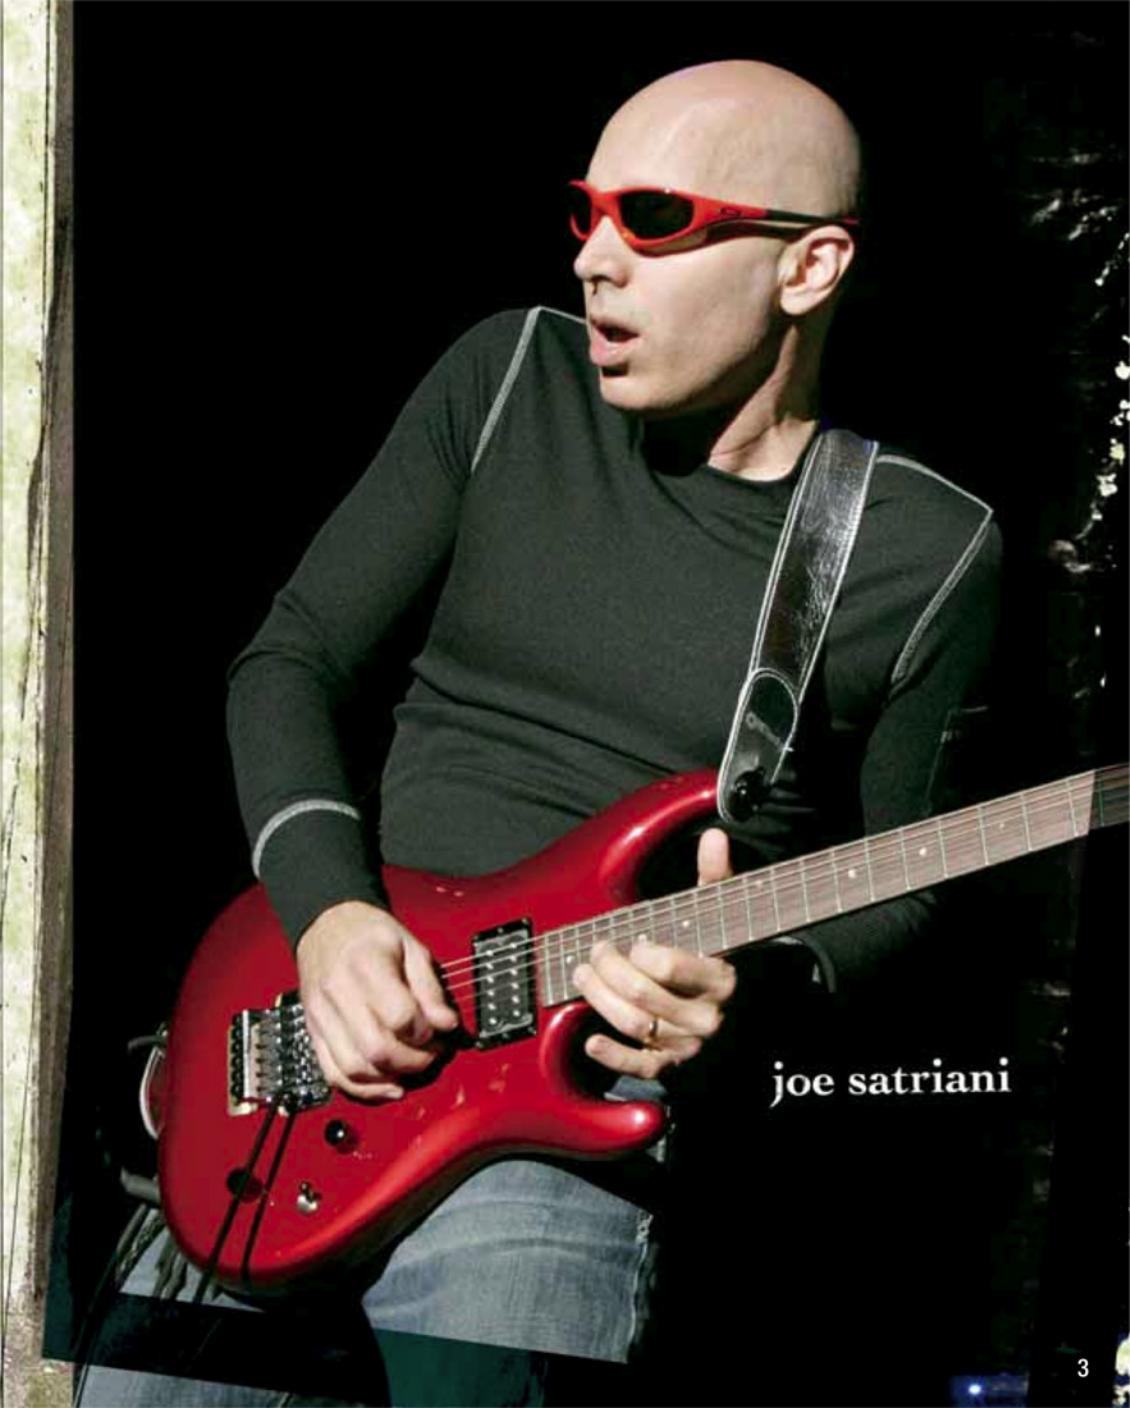

Change and the input from these artists are the reasons there are so many changes in our 2005 lineup. Take a look at the top of the line of each series, our Ibanez Prestige models. You'll see even more variety and value than ever. In our so-called "standard" models, you will find a vast number of upgrades that make these instruments go far beyond what people usually think of as standard. For beginners there are more choices than before. And best, of all, our beginner instruments were designed to inspire. They look and sound just like the instruments that new players dream of.

One thing that hasn't changed is that all Ibanez instruments—from beginner to pro—feature the highest quality and affordable prices. So, wherever you are in musical development and whatever music you play, you'll find the right axes, amps, effects and accessories in this catalog.

There are also lots of actual snapshots in this catalog of life on the road with some of our Ibanez artists. You can compare these photos to your own road experiences or get prepared for your own first tour. Or you may even decide, you know, come to think of it, I'd rather just play at home. That's okay. As long as you keep playing. Because that's another thing that should never change.

# RGT basics

The look. The lethality. The ability to take it...and to dish it out. When it comes to metal guitars, the RG is in class by itself. And at the head of the class is the RG Prestige.

- New RGT Prestige models with 5pc neck-thru construction offer increased strength and sustain with easy playability in all registers.
- DiMarzio® IBZ pickups combined with the right placement provide hard-edged, cutting tone.
- Crafted by Ibanez's most experienced luthiers using the finest materials and electronics available.

# RGA basics

More and more heavy rock players told us they wanted more RGs with a fixed bridge. More is a word we understand.

- Thin, flat, and fast Prestige Wizard necks combine with the massive new Gibraltar Plus fixed bridge.

- The brilliant highs and looks of the RGA's arched 16mm maple top ensure that you'll be seen and heard no matter what.

- Crafted by Ibanez's most experienced luthiers using the finest materials and electronics available.

THE OFFSPRING

RGA121 NTF

Gibraltar Plus Bridge

You don't put just any fixed bridge on an instrument in the class of the RGA—a massive metal sound requires a massive metal bridge. The Gibraltar Plus combines the smooth surfaced Gibraltar III bridge with the Quik Change tailpiece-in one unit. Allows a wide range of intonation adjustment needed for heavy gauge strings and the saddles can't fall out during string changes.

Arched Top

The brilliant highs and look of 16mm top guarantee that you are seen and heard in the back rows as well as the front.

- The ultimate in the ultimate metal guitars.
- Ibanez's famous thin, flat and fast Wizard necks. Prestige neck finishing offers effortless playability and supreme comfort.
- Wide variety of bridges including Roland GK-compatible and Double Edge (featuring both magnetic and piezo pickups).
- Crafted by Ibanez's most experienced luthiers using the finest materials and electronics available.

**RG3120F ANT**  
The ultimate in the ultimate metal guitars.

**Textured Finish**  
Textured finish on the RG2570EVSL.

**Unsurpassed playability and strength**  
Comfortably rounded RG Prestige bolt-on necks feature strong three-piece maple construction with a walnut stripe for even more strength.

**RG1570MRB/MRR**  
Exquisite mirage finish with a special "flip-flop" pattern.

**USA-Made DiMarzio® IBZ pickups**  
Power that can cut through anything. When you must visit sonic destruction on every hardbanger in the room, accept no substitutes.

# RG basics

Why do players who don't use a tremolo still use Ibanez double locking trem? Because no matter how insane or brutal it gets-or you get-Ibanez locking systems will never let things get totally out of hand.

- For over 18 years, Ibanez RG guitars with Edge double locking systems have been the metal guitar for the working player.
- 24-fret, thin, flat and fast Wizard necks.
- RGT models feature neck thru construction for effortless upper fret access, huge tones and long sustain.
- RG300 models upgraded with U.S. designed Infinity III and IV pickups which feature more bite and chunk and adjustable pole pieces for balanced string output.
- New Edge III double-locking trem offers increased durability and stability. The original classic Edge feel but with a lower profile saddle for increased comfort.

**Edge III**  
Improved Edge design provides even more stability and strength under the most demanding playing conditions.

**Infinity Pickup**  
All RGxx models are equipped with the new Ibanez original INFINITY pickups. The INFINITY pickups deliver versatile sound for both chording and lead playing.

**S2075FW DiMarzio IBZ Pickup**  
The S2075FW is equipped with high-powered, U.S.-made DiMarzio ibz pickups, specially designed for S Prestige Split-5 switching.

**S2075FW HS**  
• 5pc Wizard II Maple/  
Bubinga neck  
• Figured Poplar top/ Mahogany body  
• Jumbo frets  
• ZR Tremolo bridge w/D-tuner  
• DiMarzio® IBZ (H) neck pu  
• DiMarzio® IBZ (S) mid pu  
• DiMarzio® IBZ (H) bridge pu  
• color : HS

Fast, flat necks. Thin body. Fat mahogany tone. The S can and will do anything. That's why so many extreme metal players are picking up the S as their weapon of choice.

**S520EX MGF**

**Manually Adjustable Zero Point System**  
Insures tuning stability by consistently returning the tremolo to the center point (or zero point). Can be quickly set by hand—there's no need for a hex wrench.

## S basics

- An Ibanez original. One of the most versatile guitars ever made, with adherents in every genre.

- Thin around the edges for comfort. Thick around the neck, pickups and bridge for tone.

- Zero Resistance tremolo with ball-bearing combined with Zero Point System realizes almost sensual arm-ing, incomparable stability and quick return to pitch.

**S520EX MOF**

- 3pc Wizard II neck

Designed for players who want the mahogany tone and curved comfort of the S, but with a standard flat back and a traditional tremolo with advanced features. It's a combination that works as the SA is one of the highest demand Ibanez models.

## SA basics

- The comfort and warm mahogany tone of an S, but with a standard, flat back.
- 25.5 scale neck offers narrow feel and tight tension similar to an Ibanez RG.
- SA2020FM features specially designed DiMarzio®IBZ pickups with alnico magnet. Neck pickup provides good response, rich attack, rich harmonics and warm sound, and bridge pickup provides rich mids and low end. Powerful sound with clear sustain.
- SAT trem systems offer wide pitch spacing for better response. Only the front section of the 2pc saddle raises (the back section remains locked) for more stable intonation. The Pop-in trem arm is swing-tension adjustable.
- Affordable GSA models offer the same individual inspection and set-up as our most expensive models.

SA260FMTG is also available in left hand model.

#### SZ2020FM TKF

- 3pc S2 Maple/Walnut set-in neck
- Flamed Maple/Mahogany body
- Large frets
- Quik Change III tailpiece

- Duncan/Ibanez (H) neck pu
- Duncan/Ibanez (H) bridge pu
- color : BBL, GAB, TKS

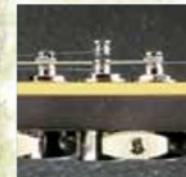

#### SZ5200M BBL

#### SZ5200M TKS

**SZ**  
basics

- A descendent of the curved, mahogany Ibanez S but with a much thicker body and a 25.1" scale that has a different feel than the S 25.5" scale.

- 3 pc set-in neck for better upper fret access and sustain.
- Graduated string post heights and thru-body stringing provide equalized string tension, precise articulation, and an all round great feel.
- Heavy-duty Gibraltar III bridge allows for heavier gauge strings and features no sharp edges.
- S2 Prestige model, the SZ2020FM is fitted with USA made Seymour Duncan® IBZ pickups and the massive Gibraltar Custom bridge for even better S2 tone and sustain.
- New affordable GSZ models offer SZ playability to even wider range of players.

**SZ2020FM Machine Head**  
SZ2020FM is equipped with Gotoh machine heads featuring the H.A.P. (Height Adjustable Post) system, which insures proper tension balance by adjusting the height of each string post.

**Gibraltar Custom Bridge**  
The SZ2020FM's Gibraltar Custom bridge allows for radical intonation adjustments and augments the already superior sustain of the SZ Prestige set-in neck and mahogany body.

**SZ2020FM with Seymour Duncan®/IBZ pickups**  
U.S.A. made Seymour Duncan® IBZ pickups take the S2 design to another new level of warm, fat, and powerful tone in this Ibanez Prestige model. The neck pickup features an alnico magnet and offers warm, smooth tones with rich sustain. The bridge pickup features a ceramic magnet and provides very high output with aggressive harmonics and clear attack.

# AX basics

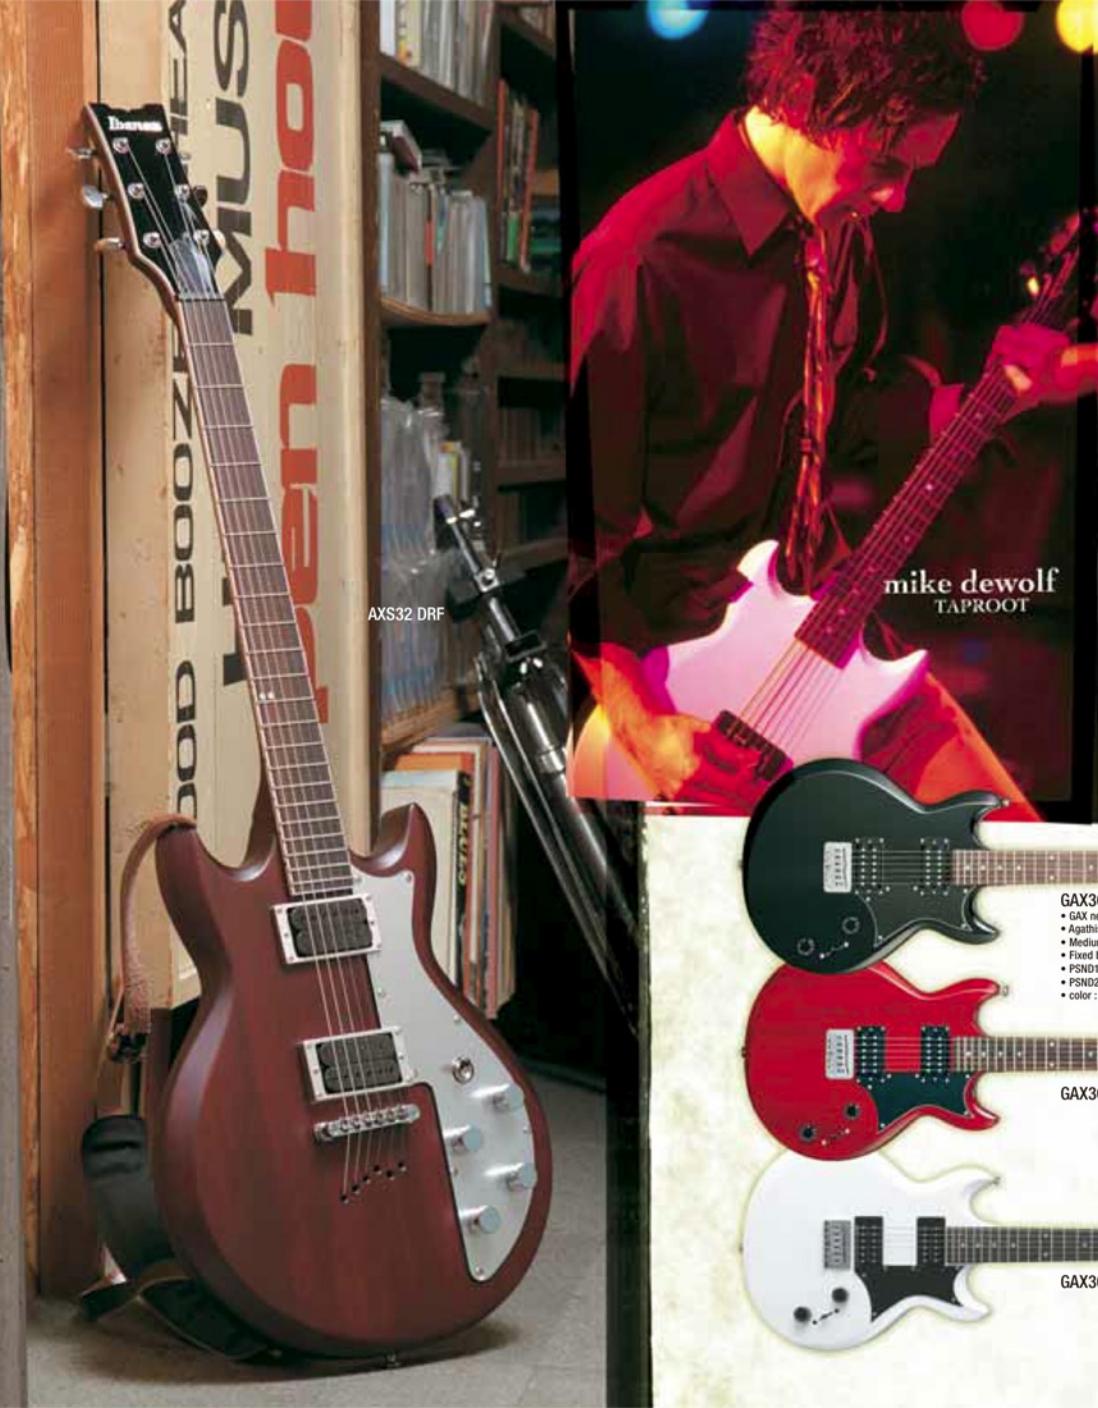

When you just want to get down and dirty, this is it. AX guitars have everything you need. Nothing you don't.

- Raw rock and roll simplicity and double-humbucking pattern in a crystal-cut mahogany body.
- AXS models feature set-in neck.

**AXS32 TKF**

- 3pc Mahogany AX set-in neck
- Mahogany body
- Large frets
- Full tune III bridge
- AH3 (H) neck pu
- AH4 (H) bridge pu
- color : DRF, TKF

Everyone should have the right to a decent rock and roll axe. GAX guitars offer more choices, better quality and superior sound to anything else in their price range. Which is why GAX guitars are one of the best selling guitar series in the world.

**GAX75 GP**

- Super 58 (H) bridge pu
- color : BS

Smooth Heel on AR300

The Jet Kings bring back the funky vibe of the past-without the bad tuning and with a lot more tonal versatility. The JTK1 is for players who want a lighter axe with a thinner neck. The JTK2 is for players who want a big mahogany body with a thicker neck.

Ibanez Artist guitars offer the full, meaty sound of the "other famous mahogany classic," but at a better price and with better hardware. 2005 Artists feature the original '70s body size and neck for that great '70s sound and feel.

The Iceman is one of the original Ibanez models. The IC400 features a set-in neck for that original Iceman feel. It also retains the original Iceman parallelogram inlays along with its unmistakable shape and chunky tone. For some, especially those that remember the Iceman of old, there is no substitute for this pure rock guitar.

# JS basics

- Multi-radius Prestige neck (JS1000/JS1200) is an exact digital rendering of the neck on Joe's favorite axe.
- Lightweight aero-foil shaped basswood body provides comfort, upper fret access and expressive singing tones.
- High pass filter on JS1000 and JS1200 volume pots maintains highs at low volumes.
- Combination of 25 1/2" inch neck scale and DiMarzio® or Ibanez Axis provides wide dynamic range and versatility.

*"I wanted a guitar with a modern sound, but with a vintage feel, with smaller frets and more radius on the fingerboard. It had to be subtle enough to catch nuances, fast and easy to play." - Joe Satriani*

# JEMUV basics

- For 2005, Ibanez proudly opens a new chapter of the JEM epic, with the introduction of the mirror-finished JEM77B RMR, "Bad Horsie" JEM.
- Contoured basswood or alder bodies with 24-fret Prestige JEM neck provides easy access to all registers.
- Deep routed tremolo cavities allow pitches to be lowered or raised.
- Vai's choice of specific DiMarzio® pickups for each model and combined with Ibanez Split-5 wiring provide incredible tonal versatility.
- Steve Vai's Universe-the guitar that ignited 7-string revolution-allows almost effortless transition from 6- to 7-string techniques.

*"Anywhere in the world, I can go into a music store, take a JEM off the wall, and it's my voice." - Steve Vai.*

## K7 basics

- Ibanez has more experience with solid body 7-strings than any other guitar maker.
- DiMarzio® and Ibanez picks designed exclusively for 7-strings.
- The right bridge and nut spacing is why Ibanez 7-string guitar necks feel like guitar necks—not like bats. Transition from 6- to 7-string playing techniques is effortless.
- K-7 features A-D-G-C-F-A-D factory-tuning for Korn's signature low-end crunch.

## PGM basics

- 24-fret PGM Prestige neck is 2mm thicker than our super-thin Wizard necks.
- Fixed bridge offers increased sustain and simplicity.
- Paul's specific choice of different DiMarzio® pickups, HSH configuration and 5-way switching offers the multitude of tones required for his mastery of both speed and style.
- And, of course, Paul Gilbert's signature painted f-holes.

## AT basics

- Delivers the sonic variety needed by a player who is equal parts bluesmaster, ultra versatile sessionmeister and speed demon. (And he can chicken-pick.)
- Arched S-style top with traditional flat back.
- AT multi-radius neck offers incomparable playability and feel.
- DiMarzio® Cruiser DP186 single coil pickups with DiMarzio AT1 made specifically for Andy Timmons (an Ibanez exclusive).
- Sperzel® locking tuners and Wilkinson/Gotoh® VSVG Tremolo.

## GB basics

- The GB10 debuted in Chicago on June 11, 1977. Our longest running artist signature model.
- Floating pickups, a thicker top and a smaller body reject feedback.
- Pure jazz tone even at rock and roll volumes
- GB200 features full-sized, full-acoustic body and standard pickup installation for more traditional jazz gigs.

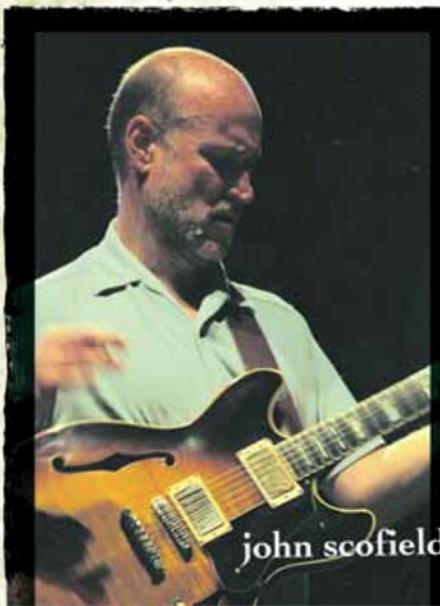

*"The GB10's smaller body doesn't have a lot of resonance, but it has a lot of articulation. The notes don't melt together like on softer guitars. It maintains the tone while articulating each note. No other guitar gets that sound." - George Benson in Ibanez, The Untold Story.*

- GB200 BST**

  - color : BST

*"When Ibanez wanted to reintroduce my original AS200 guitar with the original specs they had to fly me to the Ibanez R&D facility in L.A., where detailed measurements were taken of every conceivable dimension. This became the basis for the John Scofield Model, which reproduced the original guitar plus added some improvements such as a side-mounted jack." John Scofield from Ibanez, The Untold Story.*

## PM basics

- Like the artist himself, the PM models is able to play within and without the boundaries of traditional jazz.
- The size of the traditional jazz guitar but slimmer for better comfort, projection, and feedback rejection.
- Double cutaway and 17th fret body joint for easier upper fret access than completely traditional jazz boxes.
- The PM120 features an even slimmer body than the PM100 (2" vs 3") for enhanced midrange punch.

*"It took some time, several prototypes and perseverance from all corners, but the final results are excellent - I love playing all of the various Ibanez PM models and am quite proud to be associated with them." Pat Metheny from Ibanez - The Untold Story*

pat metheny

## JSM basics

- John's preference of Artist-style "castle" headstock to complement AS body for better tonal balance.
- Classic Ibanez half-brass, half-bone nut.
- Rigid top and body reject feedback.

# ARTCORE basics

## AF/AK models

- Unlike many so-called full-hollow guitars in the more affordable price ranges which feature soundblocks, Ibanez Artcore full-acoustic models are truly full-hollow.
- Deluxe Artcore models (85) offer upgraded appointments such as abalone inlays and 3pc necks for additional stability and strength.

**AF85 VLS**

## ARTCORE CUSTOM

- True full-hollow guitars with exquisite flame maple bodies for enhanced, clear highs, and the sound, appearance and craftsmanship of guitars many times their price.
- AF105 features traditional pickup installation for traditional jazz gigs. AF105F features floating pickup to eliminate feedback.

No one would have ever believed you if you had told them even just three years ago that you could have a decent full or semi-hollow guitar this little money. Certainly our competitors wouldn't have.

Then along came Artcore. We thought we'd give everyone a little time to handle that before we came up with the next surprise...Artcore Custom.

- One of the most versatile of the box guitars—actually one of the most versatile of any electric guitar—the semi-acoustic has been used in almost every genre of popular music including jazz, fusion, rock and roll, r&b and blues.

- Semi-acoustic guitars or semi-hollow guitars feature a block of wood known as a sustain block or sound block into which the pickups are mounted for increased sustain and elimination of feedback.

**AS73 BS**

STONE SOUR**

# AWD/AXD/FWD models

- The AXD82P offers the big, complex tones of a full-hollow in a small and simple single cutaway in blues (and more) with a feeling.
- The new arched-topped AWD82 model semi-acoustics provide the easy access of a double cutaway in a small body. The right and light medication for the hyperactive performer.
- If the above describes you but you prefer the feel or the even nicer price of a flat-topped axe, there's the FWD60.

Heavy tones. Light weight. With the addition of these all-new and different small full and semi-hollow models, there are now definitely "Boxes For All."

**AWD82 TBL**

- 3pc Artcore Mahogany/Maple neck
- Bubinga top/Maple back & sides

- ACH2 bridge pu
- depth : 43mm at tail
- color : TOR

**Short Stop III**  
The Short Stop III bridge on the AWD82 provides superior playability with a smooth surface and easy string changing.

**ACT Tremolo**  
The first knife-edge tremolo designed for semi-acoustic guitars. The ACT eliminates the tremolo cavity on the back of the guitar—there's less space used so there's more tone. Shorter springs use less vibrating room and contribute to a stiffer arm response. Two ways to install the springs offer choice in string and arm tension. And on top of all that the ACT is smooth to the touch and string changes are easy.

# JUMPSTART packages

Four out of five doctors say that people who play music get more dates, have a lot more fun, and, when you get right down to it, are simply more cool than people who don't play.\*

Jumpstart bass and guitar packages have "Everything you need to plug in and play."™ So instead of spending time wondering what it would be like being up on stage, you could be looking out at the audience.

\*In entirely imaginary interviews conducted across the United States. But you know it's true. Plus actual studies do show that playing music makes you smarter. That tends to make life easier.

# BTB basics

A full-sized body crafted of premium woods. Passive pickups. Substantial neck. The BTB has all the features, quality, and sound (and great looks) of pricey boutique basses—at a cost the working player can afford. If you think really you have to mortgage the house or sell your furniture to get a good high-end bass, you owe it to yourself to try one of the BTB Prestige models.

- Designed for traditional pro-players who prefer tones produced more from the wood than the electronics.
- 35" neck scale provides superior articulation. Perfect for 5-strings and detuned 4-strings.
- 18-volt circuitry provides much greater headroom than found on standard active EQ's. (except BTB200/205)

**BTB550MP NTF**

- 5pc BTB4 Maple/Walnut neck

**BTB200/205 Phat II EQ**  
The new BTB200/205 features the Phat II EQ bass boost for even fatter lows and heavier tone.

**Neutrik® Jack**  
BTB basses are traditional in style, but they're completely up-to-date with the most sophisticated high-tech features such as Neutrik® locking jacks and Ibanez Mono-Rail bridges.  
(except BTB200/205)

**Prestige Model Bartolini® Pickups**  
Bartolini® pickups provide deep, warm tones while retaining treble emphasis. The Bartolini® active 3-band EQ features fully independent bass treble and mid controls and a mini switch for quick mid-frequency adjustments of 250Hz, 500Hz and 1kHz.

**Mono-Rail 4**  
2005 SR Prestige basses are fitted with the new Mono-Rail 4 bridge. The fourth generation design features the same complete string-to-string isolation so each string vibrates true without interference from the others. However, the Mono-Rail 4 features a special saddle lock for maximized individual string isolation and vibration as well as easier string changes.

**BTB Prestige with Neck-thru Construction**  
The Maple/Walnut neck-thru construction provides easier access to upper frets and massive sustain.

**RD basics**

Roadgear basses have established a class all their own: elite small-shop style and sound at prices for the common people.

- Single/Humbucking pickup configuration offers a wealth of tones and plenty of punch.
- Neck is thin in the lower frets like a Soundgear, but thicker towards the upper frets like a traditional bass for fatter tone.
- New RD900 flagship model with U.S.A. made Seymour Duncan® Bass lines™ pickups, massive milled brass bridge, and eq bypass switch.
- RD500 deluxe model offers the simplicity and power of the Ibanez 2-Band Active EQ.
- RD300 standard model features passive tone control and an even more affordable price. For 2005, matching headstock completes the Roadgear formula of pro features at beginner prices.
- Massive bridges provide strong sustain.

**RD900FM HS**

PLANET X  
DOWN TO THE BONE

**RD900FM/905FM Body Construction**

The Mahogany body coupled with a 15 mm thick flamed maple provide incredibly full tone with a wide range of overtones.

**USA-made Basslines™/ibanez Pickups**

The new Basslines™/ibanez pickups are created as a collaboration between Ibanez & Seymour Duncan®. Coupled with the right amp, these pickups produce a rainbow of tones, from vintage warmth to heavy metal grind.

**Solid Brass Bridge for RD500FM/905FM**

A milled brass bridge creates a tight sound with long sustain. With the large amount of mass, this bridge can transfer the string vibrations to the body much more effectively.

**Duncan®/ibanez Pickups**

The Duncan®/ibanez pickups on RD500/505 offer a perfect mix of the clear single coil tone and a fatter humbucking sound.

**marcus kössler**  
FANTA 4

**EDB  
basics**

Traditional looks. Radical everything else. The EDB's ergonomic Luthite body offers curved back for supreme comfort and a scooped out front for slapping and popping.

- Crafted of Luthite, a man-made material formulated specifically for electric stringed instruments.
- Ergonomic comfort and dynamic tone.
- Strong, slender two-octave maple neck offers fast and easy fretwork.
- Passive pickups and active EQs are specifically selected to enhance the resonant Luthite body material.

Can we give you one good reason to choose an Ibanez Artcore over some other semi-acoustic basses? No. But we can give you four. Better price. Better sustain. Better articulation. Better output.

## ARTCORE basics

- Set-in necks offer superior sustain than the bolt-on neck models usually found in this price range.
- 34" scale neck for better articulation and sustain.
- Higher output pickups than most semi-acoustic basses

AGB140 TBR

- 3pcs AGB4 Mahogany/Maple neck
- Maple top/back/sides
- Medium frets
- Gibraltar III bass bridge (19mm String Spacing)
- Quik Change III bass tailpiece
- ACHB-1 pu
- depth: 43mm at tail
- color : TBR

**Gibraltar III Bass Bridge and Quik Change III**  
The combination of the Gibraltar III bass bridge with the Quik Change III tailpiece contributes to the great sustain of Artcore basses as well as providing easy string changes.

## GAXB basics

We couldn't have made it any simpler. The no-fuss, no-frills Ibanez GAXB150 gets right down to the basics.

GAXB150 BK

- GAXB4 neck
- Nato body
- Medium frets
- B10 bridge (19mm string spacing)
- Dual Coil soapbar neck pu
- 3 way tone character toggle switch
- color : BK

**Tone Character Switch**  
Just one volume and a 3-way tone switch on the GAXB150 make it easy for beginners to dial in the right tones.

# SR&GSR

## 4-string basics

Thin, fast necks. Versatile, powerful electronics. Slender bodies that fit you like a fine glove. And as music evolves so does Soundgear. That simple but unbeatable formula has made Soundgear the choice of players in every genre.

- Thinner necks with thinner nuts than traditional basses
- Sleek bodies that are lightweight, balanced and comfort-contoured
- Passive pickups perfectly matched with the right choice of passive or active electronics.
- GSR Soundgear basses, the world's best selling basses, provide the looks, tone and comfort-and the same rigorous set-up and inspection-of our most expensive basses.

## 5/6-string basics

- Soundgear 5-string basses are fitted with the thinnest neck of any 5-string anywhere.
- SR 6-strings have the right spacing, and the pickups perfectly balance the different outputs of the low and high strings.

Do trad-shaped 5 & 6 string bass necks feel more like baseball bats? Then the slim, strong and effortlessly easy-playing Soundgear neck is what you want to add more tones and less girth.

**Powerful Alnico Pickup**  
For players for whom cracking the earth's core is everyday stuff, the SRX400's ultra-powerful PFR-AL alnico pickup and the PHAT II active bass boost take loud and simple SRX concept to unimaginable extremes.

**Extreme Measures Taken**  
A powerful and simple bass requires a powerful and simple bridge. B100 bridge offers strong sustain, accurate intonation and stability, and simplicity of operation for easy adjustments and string changes.

## G.WB basics

*“It has its own sounds, but it's also transparent; you get sounds out of your hands. When you can dial in an instrument to this level of performance, it's amazing.” - Gary Willis*

- Gary Willis is the unchallenged name in 5-string fretless playing and 5-string fretless basses.
- 2-band EQ with bypass switch (active/passive) on the GWB105 matches any kind of amplification.
- Lightweight swamp ash body provides an extremely open sound.
- Curved pickup provides separate coils for precise string balance.
- Finger-rest/ramp designed by Gary Willis refines right hand technique and prevents players from digging into the strings (“the worst thing you can do on a fretless”).
- Sure Grip tuning knobs inspired by Gary Willis allow fast restringing and precise fine-tuning even during the heat of a gig.

*“I've played all kinds of basses. I've got other companies that want me to endorse, but I don't like any other basses. I'm not like some people who play an instrument because of a contract. I'm playing it because I love it.”*  
Fieldy in Ibanez - The Untold Story

doug wimbish  
LIVING COLOUR

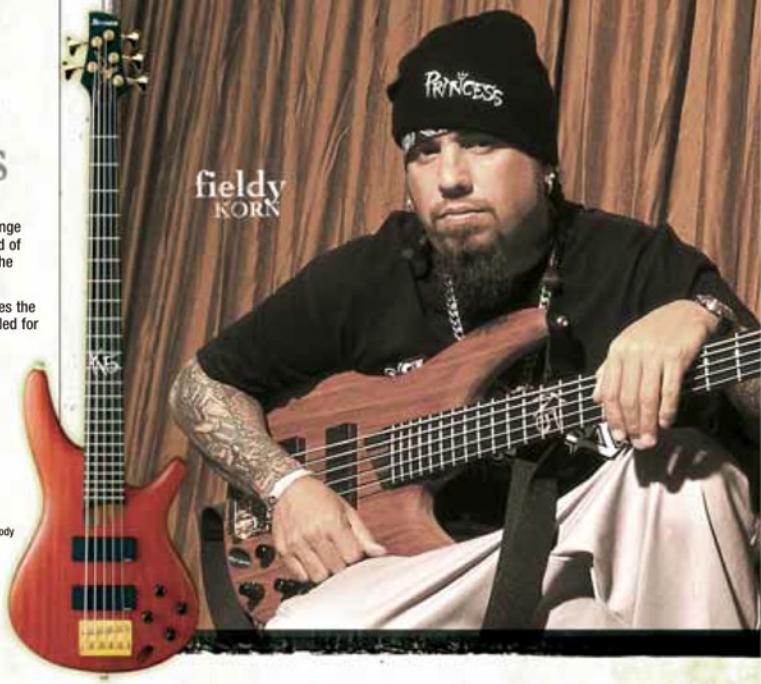

## K5 basics

- Powerful ADX active pickups.
- Original Vari-Mid EQ sweepable midrange allow you to dial in or dial out any kind of bass sound (or as Fieldy says, “Take the midrange and turn that %#@\\$ off”).
- Body of padauk and mahogany provides the tremendous low-end and sustain needed for Korn's brand of heavy rock.

*“I've played all kinds of basses. I've got other companies that want me to endorse, but I don't like any other basses. I'm not like some people who play an instrument because of a contract. I'm playing it because I love it.”*

## DWB basics

- The wide range of tones needed by the first call N.Y. session artist who's played with everyone from Living Colour to the Rolling Stones.
- 5 pc maple/bubinga neck with rosewood fret board offers superior strength, tone and response.
- Neck-thru body with ash wings allows unlimited upper fret access.
- Hipshot® licensed tuners provide tuning stability combined with lighter weight for better neck/body balance.
- 2-band EQ customized for Doug Wimbish offers wide and rich tone adjustments.
- EMG® 35P4 and 35J active pickups for DWB35 and EMG® 40J for DWB35.

*“I designed the DWB so I could get a wide and different range of sounds from both live and in the studio. One of the best 5-string basses Ibanez has ever made-and that says something!” - Doug Wimbish*

### DWB3 TO

### TB100H Tone Blaster

output • 100W@8Ω/120W@4Ω  
 controls • Presence Level  
 Overdrive Channel - Reverb/Volume/Treble/  
 Middle/Pull Shift Switch/Bass/Gain  
 Clean Switch  
 Clean Channel - Reverb/Volume/Treble/  
 Middle/Bass/Gain  
 Boost Switch  
 jacks • Input/Headphones/Effects Loop/  
 Speaker Out/Foot Switch(x 2)  
 size • 712(W) x 248(H) x 266(D) mm  
 weight • 15.3 kg  
 includes • IFS4 footswitch

### TB100R Tone Blaster

output • 100W@8Ω/120W@4Ω  
 speaker • 2 x 12" Ibanez "POWER JAM" speakers  
 controls • Boost Switch  
 Clean Channel -  
 Reverb/Volume/Treble/Middle/Bass/Gain  
 Channel Switch  
 Overdrive Channel - Reverb/Volume/Treble/  
 Middle/Pull Shift Switch/Bass/Gain  
 Presence Level  
 jacks • Input/Headphones/Effects Loop/Speaker  
 Extension/Foot Switch(x 2)  
 cabinet • Closed-Back cabinet  
 size • 740(W) x 565(H) x 326(D) mm  
 weight • 33.7 kg  
 includes • IFS4 footswitch

### TB212 Tone Blaster

impedance • Mono : 8 ohms  
 speaker • 2 x 12" Ibanez "POWER JAM" speaker  
 78Hz~5kHz - 10dB 1m/1W  
 power handling • 200W(RMS)/400W(Peak)  
 size • 740(W) x 490(H) x 326(D) mm  
 weight • 25 kg

### IFS1 & IFS2

The latch type foot switch. The IFS1 is for TB25, TB25R and TA225. The IFS2 is for TB25, TB50R and TA35.

### IFS4

IFS4 is also latch type foot switch which is designed for TB100H and TB100R. It allows Boost, Channel, Mid Shift and Reverb switching with LED indication.

**MIDDLE PULL SHIFT**  
 The MID-SHIFT switch on the TB100H, TB100R and TB50R is active on both the CLEAN and OVERDRIVE channels. In CLEAN channel, the sound shifts to a crunch type tone for a dirty rhythm tone when the BOOST switch is depressed. In the OVERDRIVE channel, the signal level becomes hotter when engaged, for soloing.

**BOOST SWITCH**  
 The BOOST switch on TB100H, TB100R and TB50R is active on both the CLEAN and OVERDRIVE channels. In CLEAN channel, this speaker generates a clear high end. In the CLEAN channel, this speaker adds a sparkling clean sound. For overdriven tones, a filter limits the amount the high end for a warmer tone.

**DOUBLE CONE SPEAKER**  
 The TB15/TB15R are equipped with a double cone type speakers. These speakers generates a clear high end. In the CLEAN channel, this speaker adds a sparkling clean sound. For overdriven tones, a filter limits the amount the high end for a warmer tone.

### TB25/TB25R Tone Blaster

output • 25W@8Ω  
 speaker • 10" Ibanez "POWER JAM" speaker  
 controls • Overdrive - Gain/Volume  
 Channel Switch  
 Clean - Volume  
 Bass/Middle/Treble  
 Reverb Level (TB25R)  
 jacks • Input/Headphones/Foot Switch  
 cabinet • Open-Back cabinet  
 size • 430 (W) x 405 (H) x 240 (D) mm  
 weight • 9.3 kg/9.4 kg

### TB50R Tone Blaster

output • 50W@8Ω  
 speaker • 12" Ibanez "POWER JAM" speaker  
 controls • Boost Switch  
 Clean Channel - Gain/Bass/Middle/Treble/Volume  
 Channel Switch  
 Overdrive Channel - Gain/Bass/Middle/Pull Shift/Treble/Volume  
 Reverb Level  
 jacks • Input/Headphones/Speaker Extension/Effects Loop/Foot Switch(x 2)  
 cabinet • Closed-Back cabinet  
 size • 518 (W) x 460 (H) x 280 (D) mm  
 weight • 18.2 kg  
 includes • IFS2 footswitch

### TB225 Tone Blaster

output • 25W@8Ω + 25W@8Ω  
 speaker • 2 x 10" Ibanez "POWER JAM" speakers  
 controls • Clean Channel - Crunch Switch/Bass/Middle/Treble/Volume  
 Channel Switch  
 Overdrive Channel - Gain/Bass/Middle/Treble/Volume  
 Reverb Level  
 Chorus - ON & OFF Switch/Speed/Depth  
 Master Volume  
 jacks • Input/Headphones/Effects Loops(x 2)/Foot Switch  
 cabinet • Open-Back cabinet  
 size • 610(W) x 425(H) x 265(D) mm  
 weight • 16.3 kg

### TB15/TB15R Tone Blaster

output • 15W@8Ω  
 speaker • 10" Ibanez "POWER JAM" speaker  
 controls • Clean - Volume  
 Channel Switch  
 Overdrive - Gain/Volume  
 Bass/Middle/Treble  
 Reverb Level (TB15R)  
 jacks • Input/Headphones/CD Input  
 cabinet • Closed-Back cabinet with tuned port type  
 size • 340 (W) x 340 (H) x 200 (D) mm  
 weight • 6.4 kg/6.5 kg

speaker • 6.5" speaker  
Controls • Chorus - ON & OFF Switch/Depth, Bass, Middle, Treble, Volume  
jacks • Input/Headphones  
cabinet • Open-Back cabinet  
size • 275 (W) x 310 (H) x 195 (D) mm  
weight • 4.8 kg

# weeping demon

The most variable and controllable guitar wah you can get. The Weeping Demon's shrieks, cries, wails and seductive siren songs will have your audience screaming for more. The Weeping Demon features spring and normal footboard action, selectable wah range, fine tuning controls and more.

#### (a) Mode Lever

Change the mode between the Foot Switch or the Auto On-Off. In the Foot Switch mode, the foot switch is engaged to switch on and off effects.

- (a1) Auto Switch mode
- (a2) Foot Switch mode

#### (b) Auto Off Delay

Adjusts auto switching off time after pedal reaching at all the way up position in the Auto Switch mode.

#### (c) Range Fine Tuning

Adjusts the highest frequency when the pedal is depressed all the way down.

#### (d) Spring Tension

Adjusts tension of the pedal spring in the Auto Switch mode.

#### (e) Pedal Friction

Adjusts smoothness of the pedal action.

# classic COMPACT effects

#### Tubescreamers

Our Tubescreamer reissues feature the same careful hand wiring and analog circuitry of the original classics. Both the TS9 reissue and TS9DX feature the TA75558 chip used in most of the original TS9's with the TS9DX adding three settings for increased low-end crunch. The reissue of the TS808, described as "the Holy Grail of Tubescreamers," features the warm tones of the JRC4558D chip used in most of the original TS808's.

#### 9-Series Reissues

When it comes to compact effects, nine is the magic number. In 2004, we brought back CS9 Chorus and FL9 Flanger to much critical acclaim. For 2005, please welcome back the coveted AD9 Analog Delay.

There are sound reasons why, twenty years after they were first made, you still see these effects in players' rigs. If you missed out on getting one of these classics the first time around, it's time.

# TONE LOK effect pedals

On the outside, Tone-Lok effects are equipped with our exclusive "set and forget" Push-Lok rotary pots. Push the knobs down and your tone settings lock securely inside the case. No more lost settings or knobs broken.

On the inside, Tone-Lok pedals feature hi-fidelity components carefully tweaked with the constant input from a new generation of Ibanez players. And all this great stuff comes encased in cool looking, road tough metal boxes at prices the working player can afford.

#### AW7 Autowah

There are autowahs. And there are autowahs. But the Tone-Lok AW7 isn't just any autowah. It's got standard wah where both the highs and lows are cut and it's got a wah setting where the only the highs are cut. And it's got distortion. A notch filter provides the sound of a standard wah pedal left at one setting (a favorite wah pedal technique of Joe Satriani). You can even change the chain order of the effects to get different tones: either distortion to wah or wah to distortion.

#### CF7 Chorus/Flanger

The CF7 creates shimmering soundscapes, whooshing jet plane sounds, and contemporary "Korny" chirps and blips. The CF7 has a unique feature that lets the CF7 be a conservative Dr. Jekyll with the "NORMAL" mode (classic chorus and flanger), or you can turn the CF7 into the proverbial Mr. Hyde...the "WHACK-O" mode imitates the contemporary modulation sounds used by today's hottest rock bands. It's like getting four pedals in one.

#### PM7 Phase Modulator

If you've gone through one phase after another, maybe it's time for the final phase. The PM7 Phase Modulator offers three types of waveforms to give you everything from classic phaser to DJ effects to touhthrees. The PM7 also has three phase stages: vintage, deep and dry, and deep and pronounced. With some minor tweaking, the PM7 goes from traditional to 21st century and beyond.

#### PH7 Phaser

Designed to emulate the effect of a rotating speaker, the PH7 has a switchable phase circuit capable of either four or eight stages of smooth phasing. With these two very different tonal modes, you can go from a subtle shimmer to all out '70's "Let's Get Funky" phasing.

#### DE7 Delay/Echo

Add new dimensions to your sound with the DE7 Delay/Echo pedal. Get the best of both worlds: high tech digital sounds comparable to expensive rack units or warm vintage tape echo sounds—all with a single control for both. The REPEAT and LEVEL controls help you dial in just the right amount of delay, while stereo outputs can be used for a more spacious sound. With a range of 30ms to 2.6 seconds, the DE7 is the only sound solution for every playing situation.

#### TS7 Tubescreamer

The Tubescreamer isn't just a stompbox, it's an institution. Our latest generation Tubescreamer, the TS7, is no exception. With the Tubescreamer's classic subtle-but-smooth overdrive, the TS7 expands the expressiveness of your guitar while maintaining its tonal integrity. Tone adjustments are provided by the classic three knob configuration with an added "hot" switch for an extra gain boost.

#### FZ7 Fuzz

Far out! A complete 60's flashback with none of the drawbacks, the FZ7 is the ultimate in psychedelic fuzz. With the FZ7's tone, drive, and level controls, it's never been easier to get the right retro tones. You can even engage the DAMAGE switch for that ratty, broken speaker sound. Yeah, baby, yeah! Dial in, tune up, drop down or whatever turns you on.

#### DS7 Distortion

The most versatile Ibanez distortion pedal ever, capable of producing a wide range of smooth, dynamic overdrive tones. From a subtle tonal nudge to wallowing rock n roll crunch, the DS7 delivers days of sustain and gobs of gain.

#### SH7 7th Heaven

Designed specifically for 7-string guitars with the input from some of Ibanez' hottest 7-string players, the SH7 Seventh Heaven distortion pedal accentuates the low-end grit of the 7-string. With repeat and unique sounding tone, a special mode switch allows you to choose between two different distortion voicings while Lo, Hi, Drive, and Level knobs give you total tone control. An absolute must-have effect for replicating the best 7-string sounds of others or creating your own individual tones.

#### SM7 Smash Box

The Smashbox is the most aggressive weapon in the Tone-Lok distortion arsenal. Armed with obscene amounts of gain, tight low end, and searing highs, the Smashbox is THE heavy rock sound for the contemporary guitarist.

#### PD7 Phat-Hed Bass Overdrive

Why let guitarists rule the stage? Loaded with growling low-end distortion, the PD7 levels the playing field for the rock bassist. The PD7 is the ticket. You've got real time feel—in other words no annoying tracking errors and delays. You can even play chords.

**SB7 Synthesizer Bass**  
If you're looking for new tones or you're still smoldering with resentment against synth bass keyboard players, the SB7 is the ticket. You've got real time feel—in other words no annoying tracking errors and delays. You can even play chords.

**PD7 Phat-Hed Bass Overdrive**  
Why let guitarists rule the stage? Loaded with growling low-end distortion, the PD7 levels the playing field for the rock bassist. The PD7 is the ticket. You've got real time feel—in other words no annoying tracking errors and delays. You can even play chords.

# GUITAR ACCESSORIES

## Picks

Ibanez offers picks for just about every type of player with different feels, functions and looks. Function wise, the Grip Wizard series feature sand or rubber grips for superior gripping ability. Look wise, Ibanez offers a selection of original metallic colors and other unique colors and designs. And then there is the signature line of picks that are exactly what the artists use in most cases. In fact, Steve Vai won't use anything but his signature Ibanez picks.

For details of the lineup, visit our website: [www.ibanez.com](http://www.ibanez.com).

Jack type: Straight & Angled, Length: 7.63m (25ft)  
DSC05LL    Patch Cable  
Jack type: Angled, Length: 15cm (0.5ft)

DSC15LL    Guitar/Instrument Cable  
Jack type: Straight & Angled, Length: 4.58m (15ft)  
DSC15LL    Patch Cable  
Jack type: Angled, Length: 25cm (0.8ft)

DSC15LL    Patch Cable  
Jack type: Angled, Length: 15cm (0.5ft)

DSC15LL    Guitar/Instrument Cable  
Jack type: Angled, Length: 4.58m (15ft)

DC3&DC5    DC Cord and Adapters  
AC109      Standard 9-volt 200mA regulated adapter for Ibanez compact effects.  
AC509      Splitter cords for powering 3 of 5 pedals from one adapter.

#### SERIES 96

Premium grade specs for Music and Sound professional

- 96 Micro-Strands of Silver plated copper core wires offer low impedance and maximum signal transfer.
- Extra flexible PVC wrapped outer jacket for superior reliability and micro phonic noise rejection.
- Eight-wire braids(each with 12strands) form the copper micro fiber shield which provides 97% shielding coverage. This copper braided shield rejects both electromagnetic and radio frequency interference for superior signal integrity.
- Heavy-duty machined Nickel-Chrome -Plated Brass plugs with Gold-Plated Tips and sleeve-end contacts for corrosion resistance.
- Velcro Strap with Ibanez Logo equipped.

NSC6      Guitar/Instrument Cable  
Jack type: Straight, Length: 1.83m (6ft)

NSC6L     Guitar/Instrument Cable  
Jack type: Straight & Angled, Length: 1.83m (6ft)

NSC10     Guitar/Instrument Cable  
Jack type: Straight, Length: 3.05m (10ft)

NSC10L    Guitar/Instrument Cable  
Jack type: Straight & Angled, Length: 3.05m (10ft)

NSC15     Guitar/Instrument Cable  
Jack type: Straight, Length: 4.58m (15ft)

NSC15L    Guitar/Instrument Cable  
Jack type: Straight & Angled, Length: 4.58m (15ft)

NSC20     Guitar/Instrument Cable  
Jack type: Straight, Length: 6.10m (20ft)

NSC20L    Guitar/Instrument Cable  
Jack type: Straight & Angled, Length: 6.10m (20ft)

#### Standard Cables

IC15      Guitar/Instrument Cable  
Jack type: Straight, Length: 1.5m

IC30      Guitar/Instrument Cable  
Jack type: Straight, Length: 3m

ICL30     Guitar/Instrument Cable  
Jack type: Straight & Angled, Length: 3m

IC50      Guitar/Instrument Cable  
Jack type: Straight, Length: 5m

ICL50     Guitar/Instrument Cable  
Jack type: Straight & Angled, Length: 5m

IC70      Guitar/Instrument Cable  
Jack type: Straight, Length: 7m

ICL70     Guitar/Instrument Cable  
Jack type: Straight & Angled, Length: 7m

IC1015    Patch Cable  
Jack type: Angled, Length: 15cm

ICL1015   Patch Cable  
Jack type: Angled, Length: 50cm

## tuners

GU20

Ibanez auto guitar/bass tuner.  
Manual and automatic tuning.

CU20

Ibanez chromatic tuner.  
Manual and automatic tuning.

## microphone stands

## cases

No matter which Ibanez guitar or bass you choose, you'll want to protect your valuable investment. Do it in style with an authentic Ibanez hard shell case.

W50RG

for all of RG, S, SA  
(incl. 27" scale & left handed models)

W50SZ for SZ

W50BTB for BTB  
W50SR for all of SR  
(incl. left handed models)

MB100C

for SR, SRX, EDB, DWB,  
GWB (except left handed models)

AF-C for GB200, PM  
AS-C for AS, JSM  
GB-C for GB10, GB100  
AR-C for AR, AX

## bags

The 300GBP/300BBP bags feature a detachable backpack. Not only is it handy for carrying accessories around along with your guitar or bass, it detaches for typical backpack use.

300GBP  
for El. Guitar

Backpack

300BBP  
for El. Bass

# PICKUPS

# PICKUP CHARACTER

MODEL NO.	NAME	TYPE	POSITION	CONSTRUCTION	DESCRIPTION KEY
					RECOMMENDED POSITION: (B) BRIDGE, (M) MIDDLE, (N) NECK (H) HUMBUCKER, (S) SINGLE COIL (A) ACTIVE, (P) PASSIVE (AL) ACTIVE, (C) CERAMIC
<b>IBANEZ GUITAR PICKUPS</b>					
AC1	ARTCORE 1	H	H	C	Clean sounding with a slight overdrive.
AC2	ARTCORE 2	B	H	C	Bridge version of AC1.
AC1-H	ARTCORE OPEN H1	N	H	C	Fight tone with added midrange.
AC2-H	ARTCORE OPEN H2	B	H	C	Bridge version of AC1-H.
AH1	AXIS HUMBUCKER 1	B	H	C	Fair response and full sounding, medium output with lots of character. Excellent for clean playing.
AH2	AXIS HUMBUCKER 2	B	H	AL	Full bass sound. Axis 5 magnet provides excellent clarity in harmonics and related notes.
AH3	AXIS HUMBUCKER 3	N	H	C	Responsive single pickup with added output.
AH4	AXIS HUMBUCKER 4	B	H	C	Increased midrange response with added output.
AH7-1	AXIS HUMBUCKER 7-1	N	H	C	Seven-string version of AH1 pickup.
AH7-2	AXIS HUMBUCKER 7-2	B	H	C	Seven-string version of AH2 pickup.
AS2	AXIS SINGLE 2	M/N	S	C	Traditional sounding single coil pickup with increased output.
CUSTOM-F	CUSTOM-F	N			Floating pickup designed for AF-05F.
GB SPECIAL	GB SPECIAL	B	H	AL	Floating pickup co-designed by George Bencser for hollow bodies at higher volumes. Warm, well rounded output with less feedback.
GB SPECIAL	GB SPECIAL	N	H	AL	Neck version of above.
G104	G104	B	H	C	Single spaced humbucking pickup. Single-coil clarity with louder output.
G109	G109	B	H	AL	Warm tone with rich sustain.
INF1	INFINITY 1	N	H	C	Verstatile and responsive with warm clean tone and added output.
INF2	INFINITY 2	B	H	AL	Enhanced midrange output. Axis 5 magnet for individual string clarity. Excellent dynamics.
INF3	INFINITY 3	N	H	C	Provides the dynamic sound for chording and rhythms.
INF4	INFINITY 4	B	H	AL	Ballistic lead pickup. Warm sounding with good harmonics.
INF51	INFINITY SINGLE 1	M	S	AL	Warm single coil tone with added output.
INF53	INFINITY SINGLE 3	M	S	AL	Traditional sounding and high output. Designed to work with humbuckers in the split position.
PSND1	POWEROUND 1	N	H	C	High output in the neck position with no "muddiness."
PSND5	POWEROUND SINGLE	M/N	S	AL	High output with complete clarity.
PSND2	POWEROUND 2	B	H	C	High output with enhanced harmonics.
S1	SINGLE 1	M/N	S	AL	Traditional sounding, but high output single coil with Africa 5's polepieces for clean chording. Designed to work with humbuckers in the middle position.
SS8	SUPER 58	A1	H	AL	Classic, warm and versatile. Handles both jazz and rock without feedback.
SL58	SILENT 58	A1	H	AL	Classic, warm and versatile. Handles both jazz and rock without feedback.
V7	VINTAGE 7	N	H	C	Tight, but bright. Very dynamic for chording and rhythm.
V8	VINTAGE 8	B	H	AL	Warm yet articulate lead pickup with enhanced overtones. Good harmonics without excessive brightness.
V77	VINTAGE 77	N	H	C	Seven-string version of V7 pickup.
V87	VINTAGE 87	B	H	C	Seven-string version of V8 pickup.
<b>IBANEZ BASS PICKUPS</b>					
ACB-1	ARTCORE	B/N	H/P	C	High output humbucking pickup.
ADX5	ACTIVE DYNAMIX 5	B/H	A	C	Quiet, dynamic, punch sound on all 5 strings. Two different sized bobbins provide even string output. Individually calibrated for neck and bridge positions.
DX4	DYNAMIX 4	B/N	H/P	C	Two different sized bobbins provide even string output. Full range, passive tone boost with switch of pitch.
DX5	DYNAMIX 5	B/N	H/P	C	5-strings version of DX4.
DXP	DYNAMIX P	H	H/P	AL	Designed to be used w/ or without an eq. system for more punch.
DX5	DYNAMIX S	B/N	H/P	AL	Designed to be used w/ or without an eq. system for tight high-end.
PSNDJ	POWERSOUND J	B/N	H/P	C	High output with added punch.
PSNDM	POWERSOUND M	B/N	H/P	C	High output humbucking pickup.
PSNDP	POWERSOUND P	B/N	H/P	C	High output with plenty of punch.
DFR-4	DYNAMIX FULL RANGE	B/N	H/P	C	Medium output passive pickup with quick attack and superior dynamics.
DRF-5	DYNAMIX FULL RANGE	B/N	H/P	C	5-strings version of DFR-4 pickup.
DXH-M	ERGO-DYNAMIX	B/N	H/P	C	Powful with good midrange punch. Designed specifically to work with the softie body material of Ergo-axes bodies.
PFR-A4	PASSIVE FULL RANGE	B/N	H/P	AL	Vintage Africa magnet pickup with exceptional clarity and very even response.
PFR-5	PASSIVE FULL RANGE	H	H/P	C	Powful full range pickup with added low mids.
SFR-GW	SONIC FULL RANGE	B/N	H/P	C	Custom wound for GW835. Quick attack, superior dynamics and added highs.
DC54	DUAL COIL SOAP BAR	B/N	H/P	C	Powerful wide range tone.

# NECK DIMENSIONS

MODEL NO.	NAME	POSITION	CONSTRUCTION	DESCRIPTION KEY	RECOMMENDED POSITION: (B) BRIDGE, (M) MIDDLE, (N) NECK (H) HUMBUCKER, (S) SINGLE COIL (A) ACTIVE, (P) PASSIVE (AL) ACTIVE, (C) CERAMIC		
<b>BARTOLINI® BASS PICKUPS (INDIVIDUAL BARTOLINI PICKUPS ARE NOT SOLD BY IBANEZ)</b>							
GBW	BARTOLINI WILLIS	B	H/P	C	Fretless pickup with a wide range of tones. Great for basses like the GVB15.		
SR BASS	BARTOLINI CUSTOM	B/H	H/P	C	Humbucking passive pickup. Excellent clarity with well balanced bass response.		
BTB BASS	BARTOLINI CUSTOM	B/H	H/P	C	Humbucking passive pickup especially designed for 35 inch scale BTB basses. Enhanced low end, warm and deep bassing.		
MK1	MK1	B/H	H/P	C	Well balanced tone.		
<b>DIMARZIO® GUITAR PICKUPS (INDIVIDUAL DIMARZIO PICKUPS ARE NOT SOLD BY IBANEZ)</b>							
DP151	PAF-PRO®	B/N	H	AL	Fretless pickup with a wide range of tones. Great for basses like the GVB15.		
DP153	FRED®	B	H	AL	Designed for Joe Satriani.		
DP158	EVOLUTION®	N	H	C	Collected to DP159. For punch and load. Designed for Steve Vai.		
DP759	PAF-7®	B/N	H	C	Dimarzio PAF 7. A clean sounding, lower-output pickup that performs like the classic humbuckers of the late '50s.		
DP213	PAF-JOE	N	H	AL	Vintage humbucking sound with blended clear low and warm mid/high.		
DP51	EVOLUTION®	N	S	C	Bright, clean tone.		
DP159	EVOLUTION®	B	H	C	Tight, aggressive and louder. Wide range of overtones.		
DP700	BLAZE™ II	N	H	C	Medium power, warm, clean tone.		
DP701	BLAZE™ II	M	S	C	Bright, clean tone.		
DP702	BLAZE™ II	B	H	C	High power, punchy bass and treble, clean mids.		
DP165	BREED®	N	H	AL	Designed for Steve Vai. Classic 50's smooth and fluid humbucking tone. Great for jazz and funk, but not in fact an "original".		
N/A	BREED™	M	S	C	Bright, clean tone.		
N/A	JEM SINGLE	M	S	AL	IBZ exclusive. Classic single coil tone. Collected for perfect balance with broad overtones.		
DP166	BREED™	B	H	AL	Bridge version of the DP165.		
DP187	CRUSIER®	N/M	H	C	Single spaced humbucking pickup. Clean and bright, without noise.		
N/A	AT CUSTOM (HO)	B	H	C	AT exclusive. Vintage, warm humbucker tone.		
N/A	DIMARZIO BZ (R) for RG	M	H	C	Harmonically alive with medium output.		
N/A	DIMARZIO BZ (R) for RG	M	S	C	Warm tone and blend well with humbuckers.		
N/A	DIMARZIO BZ (R) for SA	N	H	AL	Responsive, warm and fat sound with rich harmonics and overtones.		
N/A	DIMARZIO BZ (S) for SA	B	H	AL	Provides expanded range of tone and powerful sound with clear sustain.		
N/A	DIMARZIO BZ (R) for S	N	H	C	Powerful sounding with quick response.		
N/A	DIMARZIO BZ (R) for S	B	H	C	Bridge version of classic. Enhanced harmonics and overtones.		
N/A	DIMARZIO BZ (S) for S	M	S	C	Well balanced sound with clear tone.		
Seymour Duncan® GUITAR PICKUPS (INDIVIDUAL SEYMOUR DUNCAN® PICKUPS ARE NOT SOLD BY IBANEZ)							
N/A	BASSLINES™ Ibanez	H/P	AL	C	High output with lots of clarity and high-end punch.		
N/A	BASSLINES™ Ibanez	B/H	P	AL	Mild tone with rich midrange and added treble.		
N/A	Duncan Ibanez	N	H/P	AL	Powerful pickup, enhanced high-end.		
N/A	Duncan Ibanez	B	H/P	AL	Warm sound, added medium power.		
N/A	Duncan Ibanez	B	H	C	Powerful sound with quick attack.		
Seymour Duncan® BASSLINES™ PICKUPS (INDIVIDUAL SEYMOUR DUNCAN® PICKUPS ARE NOT SOLD BY IBANEZ)							
N/A	BASSLINES™ Ibanez	H/P	AL	C	High output with lots of clarity and high-end punch.		
N/A	BASSLINES™ Ibanez	B/H	P	AL	Mild tone with rich midrange and added treble.		
N/A	Duncan Ibanez	N	H/P	AL	Powerful pickup, enhanced high-end.		
N/A	Duncan Ibanez	B	H/P	AL	Warm sound, added medium power.		
EMG® BASS PICKUPS (INDIVIDUAL EMG PICKUPS ARE NOT SOLD BY IBANEZ)							
EMG-35PV	EMG®	N	H/P	AL	Dual coil features two offset coils that give its sound more low end and with brilliant highs.		
EMG-35M4	EMG®	B	H/P	AL	Single coil design that has less low end but an expanded midrange.		
EMG-40J	EMG®	B/N	S/P	AL	Big bottom with smooth high range.		
<b>EQB® BASS LINEAR PICKUPS (INDIVIDUAL EQB® PICKUPS ARE NOT SOLD BY IBANEZ)</b>							
BTB4	EQB-III (EDB)	N	H	C	Great for basses like the GVB15.		
RD4 (except RD300)	EQB-III (EDB)	B	H	C	High output with lots of clarity and high-end punch.		
RD4 (for RD300)	EQB-III (EDB)	B	H	C	Medium power, well balanced bass.		
RDS	EQB-III (EDB)	B	H	C	Enhanced high end.		
K5	EQB-III (EDB)	B	H	C	Medium power, well balanced bass.		
GWB	EQB-III (EDB)	B	H	C	Smooth, balanced bass.		
DWB4	EQB-III (EDB)	B	H	C	Smooth, balanced bass.		
DWB5	EQB-III (EDB)	B	H	C	Smooth, balanced bass.		
GSR4	EQB-III (EDB)	B	H	C	Smooth, balanced bass.		
GSR5	EQB-III (EDB)	B	H	C	Smooth, balanced bass.		
GAXB4	EQB-III (EDB)	B	H	C	Smooth, balanced bass.		
BTB4 (except BTB200)	EQB-II (DXR)	B	H	C	Smooth, balanced bass.		
BTB4 (for BTB200)	EQB-II (DXR)	B	H	C	Smooth, balanced bass.		
BTB5 (except BTB205)	EQB-II (DXR)	B	H	C	Smooth, balanced bass.		
BTB5 (for BTB205)	EQB-II (DXR)	B	H	C	Smooth, balanced bass.		
BTB6	EQB-II (DXR)	B	H	C	Smooth, balanced bass.		
EDB4	EQB-II (DXR)	B	H	C	Smooth, balanced bass.		
EDB5	EQB-II (DXR)	B	H	C	Smooth, balanced bass.		
AGB4	EQB-II (DXR)	B	H	C	Smooth, balanced bass.
