ARTSTAR & POWER TOWER SYSTEM -DRUM RACKS

Tama Power Tower System-Drum Racks... Simplicity Meets Strength. Tama, the innovator in drum hardware design, submits for your inspection and approval the Power Tower System Drum Rack. The heart of the Drum Rack is the lightweight, durable tubing which can be easily assembled and disassembled time after time. Whether it be to hold a five piece Techtstar outfit or a fifteen piece Artstar kit, the Drum Rack can be customized to be as large or as

small as needed. Adjustments for fine tuning the set up of the Drum Rack is made easy by using a standard hex wrench. Set-up and tear-down is easy with the use of large size grip bolts. Tama's universal drum mounting bracket accommodates Tama tom mount hardware and accessories as well as other brands. The Tama Drum Rack System set you a part with style, reliability and simplicity. Surround yourself with the art of innovation, durability and simplicity with a Power Tower System Drum Rack by Tama.

CABLE-HAT 8895

The NEW Tama CABLE-HAT shatters tradition. Your hi-hat can be anywhere and everywhere. By using a cable linkage, you can conveniently position your hi-hat cymbals in the most imaginative positions that before were strictly unimaginable. Because the hi-hat stand's base is legless and firmly mounted on Tama's anchor plate, CABLE-HAT's footboard can be easily positioned between the legs of your existing hi-hat stand or anywhere you might desire. Each CABLE-HAT comes with the Tama Multi-clip for mounting on any stand, in any position. Be the first to break through tradition... The Tama CABLE-HAT.

CARBON FIBER SNARE DRUM

CF756---6 1/2" x 14" CF758---8" x 14"

This state-of-the-art concept in drums utilizes an inner lining of carbon fiber laminated to Tama's 4-ply birch shell resulting in a snare drum with all of the cutting power of a metal drum plus the warmth found only in a finely crafted wood drum. Carbon fiber, being unaffected by changes in heat, cold or humidity, makes the Tama CARBON FIBER snare drum consistent and durable in every playing environment. The Tama Carbon Fiber snare drum is now available in Tama's new Metallic Black finish. Be the first to experience the future of drums... NOW!!! Tama CARBON FIBER.

BIRD'S EYE MAPLE SNARE DRUM

BE655---5" x 14" BE656---6 1/2" x 14"
BE658---8" x 14"

The traditional sounds and looks found only in handbuilt, antique snare drums are now built into every Tama BIRD'S EYE MAPLE Snare Drum. 7-ply of the finest maple wood are crafted into this dynamically sensitive drum. Whatever your playing requires, extremely loud or extremely soft, the Bird's Eye Snare can deliver. Beautifully finished and expertly constructed, the Tama BIRD'S EYE MAPLE Snare Drum.

GIBRALTAR SNARE DRUM

GR956---6 1/2" x 14" GR958---8" x 14"

The foundation for this rock-solid snare is the 18mm birch drum shell. This shell, being thicker, allows more fundamental tone to be projected. Tama's new bearing edge lets more drum head surface be playable and more of this surface to resonate. The result is a snare drum that speaks clearly and distinctly at a loud, medium or soft volume. The GIBRALTAR Snare drum is available in Tama's new Metallic Black finish. When it is time for you to own the best snare drum available, it's time for the GIBRALTAR Snare drum from Tama.
