- S10 Single Tom Attachment
- HC22R Straight Cymbal Stand
- HP10 Drum Pedal
- HH23R Hi-Hat Stand
- HS20R Snare Stand

(color: GMH)

Move the starting point forward. Another break-through in price rules. The Swingstar Custom makes players enjoy beauty of wood grain without costing a higher-class fare. The shell exterior is finished in transparent lacquer and protected by the coating process utilizing UV. The precise bearing edges provide the easier tuning that beginners need and the wide tuning range that pros demand. On the Swingstar custom, hardware comes with double braced legs increased its stability even greater. The bass drum features O-ring muffler pre-installed heads, which make it much easier to get balanced kick. You can choose from a very basic 5 pcs to so-called "Fusion kit" configuration featuring a suspended tom, choice of 20 inch and 22 inch bass drum. And add-on items give you a possibility of limitless expansion.

Standard Kit

(color: GAM)

Double Braced Hardware

Heavy-duty in durability, but light in weight. The new Swingstar hardware features double braced legs. Along with the 25mm diameter bass tube, they offer a higher level of stability.

SWP522DN
- SWP22D 16"x22" Bass Drum
- SWP10D 9"x10" Tom Tom
- SWP13D 11"x13" Tom Tom
- SWP16D 16"x16" Floor Tom

Specifications

Bass Drum Accu-Tune Hoop
Tama’s Accu-Tune hoops have it all. Their hi-tech GFRP material offers both lighter weight, and faster, more stable tuning than traditional metal hoops. Since Accu-Tune hoops use tension bolts instead of clamps and T-nuts, head changes and packing up are a breeze. A special groove at the bottoms of the hoop offers easy and secure pedal connection even when the bass drum is angled.

Swivel Foot Hi-Hat Stand
Tama adds yet another professional feature to the entry level price range. With HH23R’s Swivel Foot function, the foot pedal can be rotated around the tripod base which greatly expands set up ease and flexibility. This is a feature you’ll need and appreciate should you decide to go the twin bass pedal route.

Omnisphere Tom Holder
With its rock solid stability, Tama’s Omnisphere system has been acclaimed by pro drummers for well over twenty years. With Swingstar’s new MT8500 Omnisphere system double tom holder, you can achieve almost any angle by simply loosening one T-bolt.

HP10 Drum Pedal
Like Tama’s best selling iron Cobra Power Glide pedal, the HP10 features an offset cam which provides added acceleration and power as the pedal reaches the end of its stroke.

Bass Drum Spur Brackets
Our new design features two cast pieces for optimum stability and strength. The spur tips are switchable from spike to rubber, and when it’s time to pack up, you can even fold up the spurs without removing them from the bracket.

HC23BR Boom Cymbal Stand
The HC23BR add-on boom cymbal stand includes all feature of HC22R, besides added “Convertible Boom Tilter” that allows the boom arm stores neatly in the upper tube.
