Starclassic EXOTIX '06

Limited Edition!

SE722EAWV7 (120 kits limited worldwide)

Color: Hawaiian Thunder (HWT)

7pc-shell kit including 18"x22" bass drum, 7"x8", 8"x10" & 9"x12" tom toms, 12"x14" & 14"x16" floor toms, 6"x14" snare drum.

Our 2006 Exotix Limited Edition 7-piece drum set features Bubinga wood shells, complemented with an exterior ply of rich, grainy, and extremely rare Hawaiian Koa wood. This set is handcrafted with the very highest degree of manufacturing standards! The exquisite appearance of the ornately figured wood really comes through, due to the great care we take to properly coat and polish the lustrous shells. As with all Exotix sets, each shell is finished with our signature hand inlaid genuine abalone. This Exotix set also features our visually stunning Brushed Black Nickel drum hardware mounted on each of the beautiful shells.

This unique combination of very special elements make for yet another World Class offering, available only from TAMA! Availability is limited to only 120 7-piece sets worldwide, plus 300 individual snare drums.

Features and Specifications:

Shell: 8ply Bubinga + 1 outer ply Hawaiian Koa, (BD/SD)8mm, (TT/FT)7mm

Genuine Abalone Inlay in center of each shell

New Star-Cast Mounting System

Star-Cast has always provided optimum resonance as well as solid stability for TAMA's high-end drums. Now, for 2006, Star-Cast has been improved! With our new streamlined design, it's much easier to place your toms closer together for maximum playing ease and comfort. And by switching to lightweight Aluminum, there is less metal mass and more true tonal vibration. And finally, Star-Cast is now finished and plated to match your drum's shell hardware. In this case, beautiful Brushed Black Nickel!

Brushed Black Nickel Plated Hardware

Hold Tight™ non-loosening washer on each drum

The combination of a stainless cup-shaped washer and a rubber ring now prevents the loosening of the tension bolt caused by vibration. Typically, vibration from rim shots and heavy hitting! Now you can play the way you want to and need to, without the worry of tuning and re-tuning in between songs! Each and every drum in the Exotix is completely fitted with Hold Tight washers.

Real Goatskin "Earth Tone" BD front head

This genuine Goat skin head, matched with the Exotix Bubinga wood shell, delivers an ultra-rich, super-fat "bottom". Natural low-end resonance is enhanced and empowered with this special combination. Visually, the natural color of the Goat skin provides an appealing match to the lustrous Koa wood finish.

Enclosed Special Certification

Each Exotix set is certified and numbered, and includes special documentation signed by a Hoshino family member. Skin provides an appealing match to the lustrous Koa wood finish.

Limited Edition Snare Drum (300pcs available worldwide)

SE146V7 6"x14" Hawaiian Koa/Bubinga 9ply, 8mm

Bell Brass Snappy

This Exotix snare drum is outfitted with our exclusive Bell Brass snare wires. Though this material is primarily softer than steel, it brings out the warm rich tonal textures you would expect with Bubinga, combined with definitive, sharp crisp articulation. Truly a unique combination!

Starclassic Bubinga

Color: - Black Metallic with Gold Inlay (IBMG) with black nickel hardware **Drums:** 16"x26" bass drum, 8"x14" 'Hyper-Drive' tom tom, 14"x16" & 16"x18" floor toms, 8"x14" snare drum, 14"x20" gong bass. **Hardware & Accessories:** HTC77WN combination stand, HGS900 rollaway gong bass stand, HH905 hi-hat stand, HC738WN boom cymbal stand, HC748WN boom cymbal stand(x2), HP900P single pedal, HS700WN snare stand, HT730S drum throne.

UVS ENM IWPD IBMG

Color: Ultraviolet Sparkle with Black Nickel Hardware

Features:

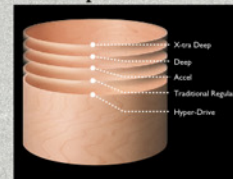

Bubinga Shell

8ply Bubinga + 1 outer ply Maple shell, (BD/SD) 8mm, (TT/TF) 7mm

It was time for something new in drums. We found that something in African Bubinga wood, which is approximately 53% harder than Maple and Birch. Acoustically speaking, this provides an interesting anomaly... Very sharp and aggressive attack combined with unbelievably rich, fat lows. Unexplainable, you would think the sound would be leaning one way or the other. But Bubinga delivers both! Our Bubinga shells are slightly thicker than our Maple drums, we determined that this allows the drums to speak their fullest. The outer Maple ply allows us to offer a much wider selection of colors.

Shell Depths

To achieve the sound and response you are looking for, Starclassic Bubinga and Starclassic Maple offer a choice of five different depths ranging from the shallow Hyper-Drive® to the cavernous X-tra Deep. Starclassic Performer B/B / Performer B/B-EFX offer the two most popular depths in today's music: Deep and Accel.

*Hyper-Drive sizes: 6" x8", 6-1/2" x10", 7" x12", 7-1/2" x13", 8" x14"

Star-Cast Mounting System

Star-Cast has always provided optimum resonance as well as solid stability for TAMA's high-end drums. Now, for 2006, Star-Cast has been improved! With our new streamlined design, it's much easier to place your toms closer together for maximum playing ease and comfort. And by switching to lightweight Aluminum, there is less metal mass and more true tonal vibration. And finally, Star-Cast is now finished and plated to match your drum's shell hardware.

Hold Tight™ non-loosening washer

The combination of a stainless cup-shaped washer and a rubber ring now prevents the loosening of the tension bolt caused by vibration. Typically, vibration from rim shots and heavy hitting! Now you can play the way you want to and need to, without the worry of tuning and re-tuning in between songs! Each and every drum in the Exotic, Starclassic Bubinga, and Starclassic Maple line is completely fitted with Hold Tight washers. Each and every drum in the Exotic, Starclassic Bubinga, and Starclassic Maple line is completely fitted with Hold Tight washers.

Shell Hardware (Color Option)

When selecting professional drums, you want an appearance as distinctive as the sound. Starclassic Bubinga/Maple now offers the choice of shell hardware finished in Chrome, Brushed Nickel Plated, or the new Black Nickel Plated.

Color: Gold Sunburst (GSB) with brushed nickel hardware **Drums:** 16"x22" bass drum, 6-1/2"x10", 7"x12", & 7-1/2"x13" Hyper-Drive® tom toms, 11"x14" & 13"x16" tom toms, 6-1/2"x14" snare drum, OCT280N & OCT301N Octobans. **Hardware & Accessories:** PMD800SS complete PTS system, PMD80SS extension PTS unit(x2), HH805 hi-hat stand, HP900RT twin pedal, SNA25 snare basket attachment, OA29 Octoban holder, CA30EN & CA45EN cymbal holders, J24 clamp(x4), A13 memory lock(x15), HT730S drum throne.

Starclassic Performer B/B

Features:

B/B Shell

(TT/FT) 4ply birch + 3 inner ply Bubinga, 6mm
(BD) 5ply Birch + 3 inner ply Bubinga, 8mm

By using Bubinga wood for the inner layer of the Birch shell, TAMA has created a new chapter in the Starclassic series. This mixture of Birch and Bubinga has borne a new sound with a sweeter and deeper hybrid tone, which exhibits the focused attack of Birch paired with the enhanced lows of Bubinga.

Tom Holder MTH909

This newly structured tom-holder expands setting flexibility by using a sliding connector unit that moves back and forth up to 50mm (2 inches). Now a player simply loosens a bolt in order to adjust the proximity of his tom toms. This allows the player to set any size tom toms to their desired proximity with great ease!

Star-Cast Mounting System

Star-Cast has always provided optimum resonance as well as solid stability for TAMA's high-end drums. Now, for 2006, Star-Cast has been improved! With our new streamlined design, it's much easier to place your toms closer together for maximum playing ease and comfort. And by switching to lightweight Aluminum, there is less metal mass and more true tonal vibration.

Accel Size Floor Tom

Now, 12"x14" & 14"x16" floor toms are available for the Performer B/B.

The Starclassic Performer Bass Drums now come with 10 lugs to ensure more precise and balanced tuning.

Starclassic Performer B/B EFX (Wrap Finish)

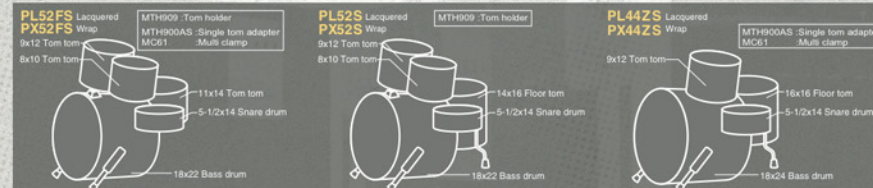

Color: Black Gold Glitter (BGG) **Drums:** 18"x22" bass drum, 9"x10", 10"x12", 12"x14" & 14"x16" tom toms, 6-1/2"x14" snare drum.

Hardware & Accessories: MTH909 double tom holder, HTW749W double tom stand, HH905 hi-hat stand, HC73BN boom cymbal stand (x2), HC72WN straight cymbal stand, HP900PTW twin pedal, HS70WN snare stand, HT530 drum throne.

Shell Kit Configurations

*The Starclassic Performer B/B EFX bass drum comes standard with Tama's coated head for the front head.

Hardware Kit *not sold separately.

HP5WN includes HS70WN snare stand, HC73BN boom cymbal stand (x2), HH75W hi-hat stand, and HP900P Iron Cobra Power Glide single pedal.

Bubinga Gong Bass

BG20R 8ply Bubinga + 1 outer ply Maple, 7mm
HGS900 Rollaway Stand

TAMA's Gong Bass features a variety of low and heavy sounds that are different from the standard bass drum. Our new Bubinga version provides even more aggressive and powerful low tone.

2pc Hi-Pitch Octoban Set

7850N2H (OCT280N + OCT301N + HOW29W)

Octobans change pitch by using shell length instead of shell diameter. The 6" diameter shells can be tuned melodically and are now available in high pitch 2pc set.

Octoban Stands

HOW29W for 2pcs
HOW49W for 4pcs

Octoban Holder

OA29 for 2pcs (Upper section of HOW29W)
OA49 for 4pcs (Upper section of HOW49W)

Percussion

HARDWARE

1st Chair Drum Throne

New embroidery design on each seat.

HT430

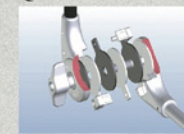

New Cymbal Attachments

MCA63EN Cymbal Attachment (Quick-Set Tilter)

What's better than the most flexible, stable, and simple-to-use multi-clamp paired with our super-flexible, super-strong, toothless tilter? Nothing.

Quick-Set Tilter

This toothless "Quick-Set" cymbal tilter lets you adjust the angle freely and hold it in position by the friction of six metal disc plates instead of gears. This mechanism also has a more durable structure than the conventional gear tilter.

Cymbal Holder

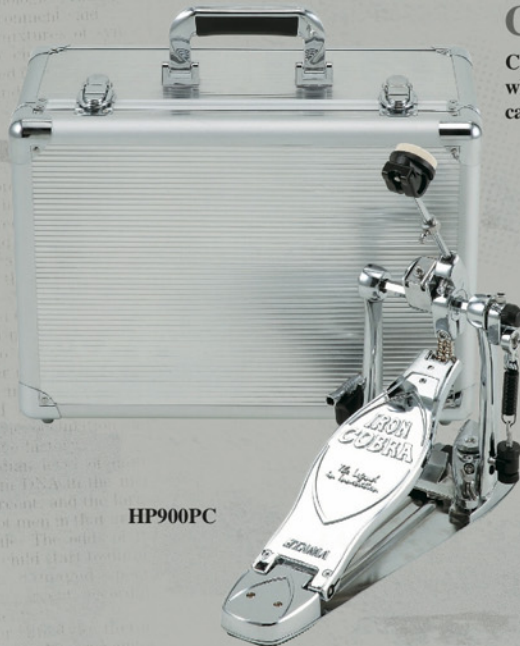

CA30EN (Quick-Set Tilter/short)
CA45EN (Quick-Set Tilter/long)

CSA35 Cymbal Stacker

Our new cymbal stacker is now compatible with all Tama cymbal stands, including those with Quick-set Tilters. It will work with both 6 and 8 mm diameter cymbal rods.

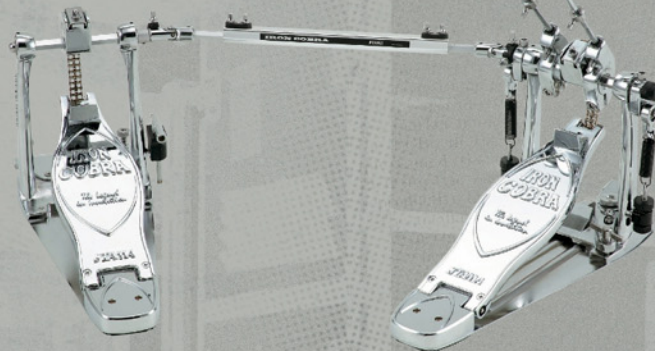

Chrome Cobra (Limited Edition)

Chrome finished Power Glide Iron Cobra pedal, which comes standard with a special aluminum case.

HP900PC

HP900PTWC

New Features for Roadpro Hardware:

Snare Stands

Quick-Set Tilter (HS70WN, HS70PWN)

The toothless "Quick-set" tilter securely holds position with the friction of six metal disc plates instead of traditional gears so you can adjust it to any angle you desire. This mechanism also has a more durable structure than the conventional gear tilter.

Hi-Low Base (HS700WN, HL70WN)

TAMA's unique "Hi-Low" Base is a totally new design in snare drum stands. It allows much more flexibility in height adjustment—any snare from piccolo depth to 8" deep can be accommodated.

Nylon Washers (for all Roadpro models)

By inserting nylon washers into the leg stand joints we have improved durability and made the leg action much smoother!

HS70PWN
for 10" to 12" diameter
snare drums

HS70WN
for 12" to 15" diameter snare drums

HS700WN
Omni-ball
snare drum stand

HL70WN
Air-Ride snare drum stand

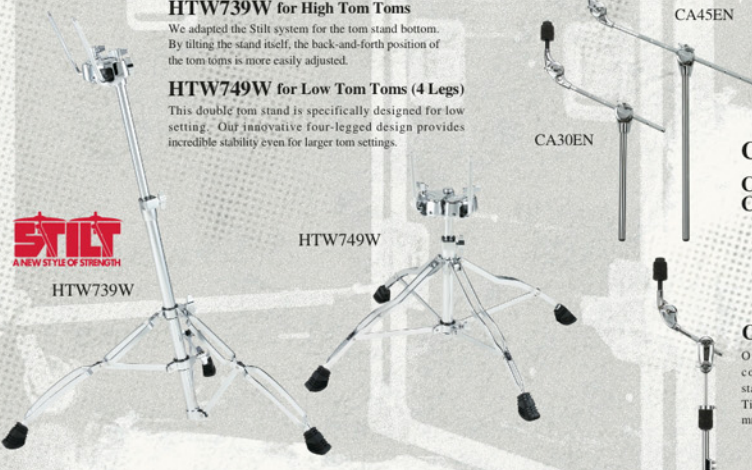

Double Tom Stands

HTW739W for High Tom Toms

We adapted the Stilt system for the tom stand bottom. By tilting the stand itself, the back-and-forth position of the tom toms is more easily adjusted.

HTW749W for Low Tom Toms (4 Legs)

This double tom stand is specifically designed for low setting. Our innovative four-legged design provides incredible stability even for larger tom settings.
