TAMA STAR BUBINGA

STAR is the new flagship line for TAMA drums. It takes the knowledge and research we cultivated for the Starclassic series to the next level, by employing every detail to enhance shell resonance.

STAR Bubinga features a much thinner shell than Starclassic Bubinga. In addition, every shell comes equipped with Tama Uni Sound Focus Rings (USFR) for structural support. This shell configuration provides clear projection and resonance to highlight the distinct sound of Bubinga.

**TAMA STAR WALNUT**

TAMA is the new flagship line for TAMA drums. It takes the knowledge and research we culled for the Starclassic series to the next level, by reexamining every detail to enhance shell resonance. Walnut has long been favored by furniture makers for both its beauty and durability. As a drum shell material, Walnut’s naturally elastic form has been praised by drummers from all time stages and the world over. The new STAR Walnut shells project booming low end with enough cut to be heard through any mix.

**Starclassic Bubinga**

Starclassic Bubinga shells are made slightly thicker than those in our Starclassic Maple series to provide a more aggressive attack, a full and deep sound, and an increased power range. Numerous options are available to meet the varied and critical needs of professional drummers including a selection of more than 30 different shell sizes. Starclassic Bubinga also features two shell hardware finishes to choose from: Black Nickel and Chrome. Starclassic Bubinga is simply an unprecedented combination of sight and sound.

For more than 30 years, the distinctive, traditional sound of birch has made it the go-to choice for numerous pro drummers. Now, TAMA takes birch in an entirely new direction. Proportionately melding inner plies of bubinga with the classic birch exterior, TAMA has created a blended shell that combines the focused attack of birch, with the enhanced ton-end of bubinga—delivering totally a new sound—both dynamic and versatile.

For more than forty years, the Superstar name has stood for groundbreaking design, superior build quality, starting tone, and clear projection. Superstar Classic once again upholds tradition by raising the bar for discerning drummers—and remarkably—does it while also lowering the price. Drawing on Superstar of the past, its classic TAMA T-shape badge and streamlined low-mass single lug point to the simpler state of art of the 70’s, while the ingenious Star-Mount system and new thinner gauge 100% maple shells eclipse anything in its class.

With over 40 years of drum building experience, TAMA knows what drummers want in a drum set. In mind, TAMA set out many years ago to design the ultimate affordable drum kit—without sacrificing sound or quality. The result was Imperialstar, a drum set that quickly established itself as the undisputed industry standard. Over the years, Imperialstar has continued to evolve and improve—and today, offers many of the more advanced features you’ll find in our Silverstar, Superstar, and Starclassic drum lines.

### MEINL HCS Cymbals
Imperialstar all-in-one “READY-TO-ROCK” packages not only have everything you need to rock, but also come with Meinl HCS cymbals (made out of brass) for a unique sound and feel. The cymbals are made of choice for many of today’s top-generation drummers.

### BASS DRUM LIFTER for 18” bass drum
The snare drum is arguably the most critical—and most personal—aspect of the modern drum kit. While technique and style figure prominently into making a statement with the snare, the drum itself is the fundamental element on which a drummer’s “voice” is developed. Over the past four decades, TAMA has created numerous snare drums—each serving as a statement for greater individual expression. Today, TAMA offers a wide range of drums, employing an equally wide array of sizes, materials, and design elements, for you to build your own unique sound.

DX SERIES DRUM BAGS
DX Series Drum Bags are heavy-duty bags convenient for when you need to transport drum equipment. These bags are made with a 30mm semi-hard cushion to protect your valued equipment from damage. In addition, the inner surface utilizes flannel material that effectively prevents scratching, while the outer surface utilizes 1200 denier high density nylon with a water-repellent finish.

- 1200 denier high density water resistant surface
- Inner silver flannel (except CMB18, CMB22)
- Top/Bottom…soft 30mm and semi hard cushion
- Strap…50mm hard belt and shoulder pad (except bass drum bags)
- Handle…50mm belt w/ rubber grip

DX SERIES CYMBAL BAGS
The DX Series Cymbal Bag lineup includes a 22” size and an 18” size that both feature a side pocket for storage. The side pocket for the 22” size is great for hi-hat cymbals or a splash cymbal while the pocket for the 18” size is made for accessory storage. The 18” size also features a special pocket designed to hold two pairs of sticks.

DX SERIES PEDAL BAG
The DX Series DPB200 pedal bag is a heavy-duty pedal bag that can accommodate both single and double pedals. The inner surface of the bag features a 30mm thick semi-hard cushion. In addition, the cushioned pad built into the strap makes it both easy and safe to carry your pedal. A special pocket for storing the connecting rod of the twin pedal is also provided inside the bag.

MESH HEADS
TAMA’s heavy duty bags protect your drums from damage during transportation. Our unique practice tools make your percussive education more enjoyable & productive.
