TAMA®

White Ebony outer ply

Laotian White Ebony, commonly known as Pale Moon Ebony, has an especially unique and beautiful grain pattern. If not treated properly in the early stages of the cutting process, this wood is prone to deformation, shrinkage, and cracking, making the wood difficult to craft. Due to its high demand worldwide, it is an extremely rare and always in short supply.

To launch the STAR Factory Vault series, TAMA selected White Ebony as the outer ply to their STAR Bubinga shell for its rarity and extraordinary wood grain pattern. Characterized by its dark, deep tone and strength, the resulting STAR Bubinga drum kit is rich in both sound and aesthetic. The thin 4.5mm/5ply shell with 9mm thick Sound Focus Rings retains Bubinga's deep mid-bass sound, while providing significant clarity. The STAR Drum shell construction further enhances Bubinga's wide tonal range. All of these elements come together to create a classic, musical tone rich in sonic depth and expression. Instantly recognizable as a high-end instrument, STAR Bubinga is carefully hand-crafted in Japan at the TAMA STAR drum building facility. Precise build and intense scrutiny to detail are the foundations for STAR. This White Ebony finish celebrates the initial STAR Factory Vault series with an impeccable drum set experience.

FEATURES

- 5mm, 5ply Bubinga + 1 inner ply Cordia + 1 additional outer ply White Ebony shell with Sound Focus Ring (9mm, 11ply Bubinga + 1 inner ply Cordia)
- Die-Cast hoops
- Super Resonant Mounting System
- Natural White Ebony (NWE)

STARCLASSIC WALNUT/BIRCH

LIMITED EDITION

The Starclassic Walnut/Birch, a popular hybrid shell, is now available with Limited Edition satin gold hardware, for a glittering look all the way down to the tension bolts & floor tom legs. The luxurious Satin Gold hardware is complemented by an outer ply of Tamo Ash with a beautiful and complex wood grain. The natural gloss finish set against the satin gold hardware brings out the beauty of the wood's aesthetic, and further enhances the luxurious feel of the entire drum. This 5-pc shell pack is centered on 22"x16" bass drum with two rack toms and two floor toms. The double tom holder and floor tom legs are also finished in matching satin gold hardware to complete the overall matching ensemble. A matching 14"x6.5" snare drum is available to purchase separately. Only available in limited quantities, this shell pack will be sought after for both its sound and beauty.

CLUB-JAM PANCAKE KIT

The Club-JAM Pancake kit combines the benefits of a compact & easily portable drum kit with professional quality sound and durability. This is achieved through the lightweight and minimalist design of the Club-JAM series. As the lightest and smallest option in the Club-JAM series, this Club-JAM Pancake kit offers a professional quality sound in any situation.

The 3.5" deep tom and floor tom, paired with a 4" deep snare drum and bass drum can be easily packed in just a single bag thanks to the ultrashallow shell. The single-headed toms produce a crisp and warm sound with a strong attack. The double-headed snare drum produces a bright and sharp sound, along with significant low-end from the double-headed bass drum.

For every genre, whether you're playing live or in the studio, the Club-JAM Pancake kit delivers a new, unique, and satisfying musical experience.

FEATURES

- 8mm, 6ply Poplar shell
- Easy-to stack design
- Ultra shallow shells
- Wood hoop bass drum

TRUE TOUCH TRAINING KIT

True Touch Training Kit is a revolutionary practice kit that not only offers the low volume required for practicing at home, but also allows drummers to perform critical technique refinement needed to improve their musical expression. The combination of quiet acoustic volume, realistic acoustic touch and sensitive dynamic expression results in a highly satisfying acoustic drum feeling, something that has not been possible with conventional practice kits until now.

TTK5S

5pc pad kit

Included:

Solid Kick Bass Pad, AAD Snare Pad, 8" high tom pad with mounting clamp, 8.5" low tom pad with mounting clamp, and 9" floor tom with clamp & boom arm & L-rod Tom stand

TTK4S

4pc pad kit

Included:

Solid Kick Bass Pad, AAD Snare Pad, 8" high tom pad with mounting clamp, and 9" floor tom with clamp & boom arm & L-rod Tom stand

TTK5A

Solid Kick Bass Pad

TAMA's True Touch Solid Kick Bass Pad provides the utmost dynamic expression, articulation and accuracy in a bass drum practice pad.

Space Save Tripod Legs

Specially designed tripod legs provide a stable base while saving space.

Flush Frame

Flush Frame provides enhanced bass drum pedal stability. Frame angle adjustment allows the bass drum pedal to sit fully flush on the floor for super solid connection between pedal and frame.

TRUE TOUCH TRAINING KIT

AAD Snare Pad

TAMA's True Touch AAD (Accuracy, Articulation, Dynamics) Snare Pad provides the utmost dynamic expression, articulation and accuracy in a practice pad.

Tunable Mesh Head

The two-ply mesh top layer material produces realistic stick response and can be "tuned" from low-mid-high to "dial-in" player feel.

Snare Buzz Spheres

These stainless steel balls produce a clean, staccato snare buzz sound and hit against the aluminum plate in a dynamic way - harder hits result in more snare buzz sound, while softer hits have less snare sound.

Comfort Hoop

The pad's outer housing body frame has a raised surface that further promotes a realistic snare drum playing experience. The hoop provides a solid surface and height to simulate realistic rim shots and side stick techniques.

Acousti-Tone Tom Pad

Tom and floor tom pads are designed to produce realistic stick response, while emanating a low-volume acoustic drum sound.

Easy Setup System

The drums attach to the frame using time-tested TAMA mounts. TAMA's uses their highly acclaimed Fast Clamps for quick and easy setup and teardown.
