

THE IBANEZ CHAMPION SERIES ACOUSTICS

The Ibanez Champion Series dreadnaughts offer you the same craftsmanship and features that go into high priced Ibanez acoustics at a moderate cost. Laminated spruce tops are featured on the Champion Series along with mahogany backs and sides. The construction and appointments of Champion Series dreadnaughts offer you an instrument that is well balanced both in sound and appearance and represents the best value in acoustic guitars you can buy. The Champion Series is available in natural and brown sunburst finishes.

THE IBANEZ Jr. ELECTRIC SERIES

The Ibanez Jr. Electrics are the newest entries into the Ibanez line of electric guitars. By simplifying the construction we've been able to give you Ibanez performance at a most moderate cost. Jr. models are featured in the Ibanez Artist, Iceman, and Studio Series. The artist Jr. features a curved maple top, set-in neck and black finish. The Iceman Jr. features that distinguishing Iceman body shape, bolt-on neck, open humbuckers, and black finish. And the Studio Jr.'s feature set-in necks, open humbuckers and are available in black or brown sunburst finishes.
