

# QUIET ONE

Extra thick  
extraordinary quality

8 $\phi$  & 6 $\phi$   
&  
Cables

- Carbon shield conductor (0.18 m.m. x 12 strands), cable with vinyl acetate core for low loss and high reliability.
- Shield is braided (0.12 m.m. x 4 strands), lined carbon for maximum strength and flexibility.

**Ibanez** innovated new super-noiseless cable with new brass heavy duty plug, which makes it ideal for recording and live performance as well.

- No.360-20** 20FL. STRAIGHT in 6 m.m. diameter w/NEW BRASS PLUG  
**No.361-20** 20FL. COIL  
**No.380-20** 20FL. STRAIGHT in 8 m.m. diameter w/NEW BRASS PLUG  
**No.381-20** 20FL. COIL

## BATTERY CHECKER

**No.55**

The Ibanez Battery Checker is a quick and easy-to-use device to monitor the performance of battery operated effects.

It can be used with most effect pedals and devices that use a single 9-volt battery for power.

The Ibanez Battery Checker incorporates a self-checking circuit to assure accurate checks each time.

## GUITAR MATE COIL CABLE

**No.120-1**

20 Feet coil cable with one straight and one right angle metal plugs.

## MALE & MALE PLUG

**No.4566**

This plug can be connected two cables, terminated with phone extension jack.
