

# CAMA NEW

# HI-HAT STANDS

## FOOTBOARD I

## HI-HAT SEAT III

## DIRECT PULL V

- I Extremely new designed footboard, made of aluminum die-cast with extra reinforced rim, designed for comfortable playing.
- II Secure grip wing screw holds without slipping. Special designed nylon nut and aluminum nuts lock cymbal securely.
- III New hi-hat cymbal seat holds bottom cymbal securely. Inserts upper pull rod into upper tube instantly.
- IV Nylon lock bushing inside telescopic section tube for non-slip, non-scratch. Adjustable for height, easily locks with exclusively designed wing screw. (PAT.PEND.)
- V Direct pull hi-hat stand. Independent mechanism for spring adjustment, no-noise, smooth-action.

## HI-HAT CLUTCH II

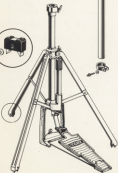

## NYLON BUSHING IV

## NO.6925
